

A strange day

IR Chan Cheuk Yu Charisse

One day, I woke up late because it was a school holiday, but I found that my dad disappeared! Then I went to the kitchen to ask mum, 'Where is dad?' 'He is preparing a surprise for YOU!' mum replied.

I was very excited, but I also wanted to find out where he was. I searched for my dad everywhere but I couldn't find him. Then, I went to the garden and saw a big tree. 'What a big tree! I've never seen it before!' Suddenly, I heard a sound and saw a big bowl coming down. I saw someone in the bowl – my dad!

Dad said, 'I am going to take you to a mysterious place to play.' I followed him, riding in the bowl and up to the treetop. It was a treehouse! 'Thank you, dad!' I said. This was my happiest day ever.

A wonderful story often comes from an ordinary life. Charisse, thank you for bringing us into your happy and amazing story. Keep your passion and we always support you. Enjoy dreaming and learning!

My special pet – deer

2L Mok Ngo

My special pet is a white-tailed deer. My father bought me one as a souvenir from his trip. They are native to the United States.

My white-tailed deer is a medium-sized deer. It has a reddish-brown coat with a white underside to its tail. Its favourite food is fruit and corn. My deer can do almost everything except climbing trees. Deer are very special as they are smart, affectionate and playful.

I love taking my deer for a walk. It is good exercise for us both. I love cuddling it too. I would encourage my friends to keep this animal so we can have play dates together.

Markus always has creative ideas in his mind. We love his special pet as well. We would like to thank Miss Fung who has inspired and encouraged Markus in learning English.

Markus, stay passionate and curious. Enjoy reading and writing!

My dream birthday present

2S Xu Letao Ella

My dream birthday present is a LEGO building set of Harry Potter Hogwarts Castle. When I saw it at a LEGO shop, I wanted my parents to buy it for me. They promised to give it to me on my next birthday. I will be very happy if I get this present. I've longed for it because I want to build a big Hogwarts Castle.

I want to put it in my bedroom in the corner, so whenever I open the door, I will see the Hogwarts Castle. I wish that I could do magic like Harry Potter, but it is impossible in reality. By playing with the LEGO castle, I can imagine that I am Harry Potter walking to the Hogwarts Castle to take my magic lessons.

Ever since Ella watched the first movie of the 'Harry Potter' series, she has been a big fan of Harry Potter. She even dreamed of studying at Hogwarts. Since the chance of being admitted into Hogwarts is quite low, she wishes to get a Lego set of the Hogwarts Castle instead. Now she is counting the days to her next birthday.

An adventure in the typhoon

3L Chow Sze Wing

A super typhoon strikes Green City. Joe wants to go to the beach to watch the waves so he sneaks out his home. However, the wind blows him away and he faints. When he wakes up, he doesn't know where he is. Then a magical unicorn says, "You are in Wonderland". Joe is totally shocked. The unicorn says, "You can call me Bliss. Sit on me! I will bring you to Candy Forest where you can live." Joe rides on the unicorn. After ten minutes, they arrive. Joe sees a lot of magical creatures, like cartoon characters, dancing fruits and gingerbread men and women. They stop at a room and then Bliss says, "This is your room. Here is the key".

Joe gets the key and opens the door. "Wow!" says Joe. It is filled with his favourite video games! Then he asks how many days he can stay there. The unicorn says, "As long as you like." Two days later, Joe asks Bliss, "Can I go home now?" The unicorn asks, "Why?" Joe answers, "Because I miss my parents, teachers and schoolmates". The unicorn says "OK". Then it calls the magical pumpkin cart. Joe thanks Bliss and says bye to the unicorns. He promises himself not to go out when there is a typhoon ever again.

A very creative story. From it, we know Alice loves her parents, teachers and schoolmates so much. Keep going, Alice, and share more interesting stories with us in the future.

I was a millionaire!

3S Lee Qan Iung

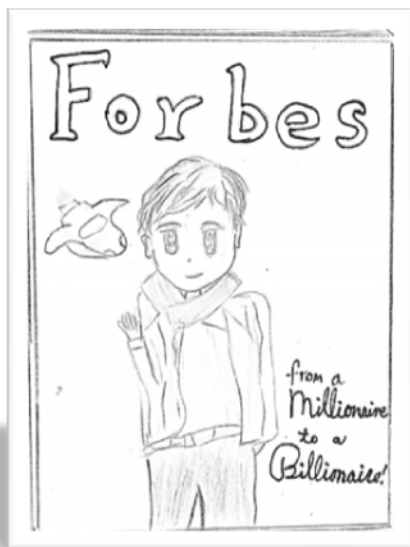

I got a million dollars as I invented a V24 motor engine and sold it to RMW Motor Company.

First, I put six thousand dollars in my piggy bank. My mother always says, "Wish for the best and plan for the worst."

Then, I used some money to buy some advanced tools to develop the V36 flying cars. After that, I started up my company – ALD Flyers and I sold a lot of flyers and I became a billionaire in no time!

I was overjoyed! I was fascinated with cars. I built my own car kingdom. It was awesome!

Have you ever had a billion dollars?

Alden was so excited when he was writing this story. He is a big fan of automobiles and his dream is to invent the most powerful engine in the world. Writing Garden makes his dream come true. What an amusing story! Alden, good efforts!

Our sea is getting worse and worse. First, there are too many dead fish because the humans discharge plastic, oil and poisonous sewage into the sea. Second, the humans always want to catch us. To escape from all these dangers, I need to change my habit. I should not eat too many fish. I have to eat crabs, even seaweed. It is so difficult, but for our marine life, I must try. Also, I should stay at a safe home where the hunters can't find me. Humans need to protect us, but not to catch us and other endangered animals, otherwise, we will go extinct. Also, humans need to protect the environment. Stop dumping rubbish into the sea. Stop cutting down trees or producing air pollution. If not, many animals may soon disappear from the Earth.

We're glad to see your writing has been selected and published in Creative Kids' Writings this year. Keep it up! We hope that you can enjoy writing and continue to show more and more creative idea in future writings. Also, we appreciate Miss Lo's patient teaching, which provides him with lots of guidance to increase his interest in English.

A Gift from super typhoon Mangkhut

4R Cheng Tsz Chun

"The super typhoon Mangkhut is now leaving Hong Kong and moving to the inner part of Guangdong quickly. The Hong Kong Observatory is going to issue Stand by Signal No. 1. Mangkhut brought severe widespread damage to coastal areas such as Heng Fa Chuen, Tseung Kwan O Waterfront and Tai O. Many people began to clean up their neighborhood..." the news reporter said.

I called my friend Chasen, "Would you like to join the clean up around Tseung Kwan O Waterfront with me? Let's gather at Tiu King Ling MTR station at ten in the morning tomorrow." "Sure and see you then!" Chasen replied happily.

On the way to the Waterfront, we saw lots of broken and uprooted trees along the promenade. Many trees fell on the cycle path. The metal fence was broken. The road signs were seriously damaged and the main road was blocked.

When we walked further, the seaside was covered with a thick layer of rubble, mud, sand, and rubbish. "What a disaster! The place looks like a post-war scene," Chasen shouted. I pointed ahead and yelled, "Look over there, Chasen! All the bricks were blown up and scattered around the cycle track. The benches were forced up and piled up at the promenade and underpass." To our surprise, there were many people at the underpass. What were they doing?

They were there to help! There were about fifty volunteers. Some of them stacked the bricks on the ground near the seafront. We joined some volunteers to pick up the rubbish. Most of it was plastic, such as plastic bottles and plastic bags. We also found Styrofoam food containers and fishing nets.

I was surprised that many families joined this massive cleanup. Children had two days off since their schools had to do recovery work after the typhoon. Some children picked up heavy bricks and put them into piles. After that, their parents moved them to the seafront.

A helping hand

5L Ng Sum Yau

Ah Kwan and her two sons emigrated to Hong Kong. Six years ago, she divorced her husband and applied to come here to stay with her relatives. In the beginning, she had a tough life, as her two sons were still young, so she had to work to support the family. Her income was around \$10,000 per month. It was used to cover all the expenses. She paid \$6,000 for a sub-let room of 80 square feet, and then about \$500 for water and electricity bills.

Ah Kwan used the remaining \$3500 to maintain the hard life. However, she didn't want to apply for the government subsidies for the dignity of her sons. Her elder son did not like attending school. He always quarrelled with his younger brother, as they were sons of different fathers. The younger son found it disturbing staying at home alone, as his brother bullied him. Ah Kwan wasn't happy, because of the tough life and because she couldn't make ends meet. The younger son couldn't catch up with his school work, so he felt very frustrated. He was a school failure especially in English lessons. Ah Kwan tried to comfort him and found a tutor to help him. Fortunately, Miss Lam was very kind to give him free lessons at the weekends. He then entered secondary school in 2018, but he was still lazy. Moreover, he spent too much time playing mobile phone games. His mother asked him to work hard, but he refused. The elder son only worked part-time and wasted time hanging around. Ah Kwan was very disturbed at home. She had to prepare meals and finish all the housework. She was overburdened, so she sought medical treatment. Now, she has got better, but she has to keep on seeing the doctor. Luckily, she got over it and is gradually improving.

Another lady, Mrs. Chan, lives in the same building. She sympathizes with Ah Kwan. She buys food for her and even cooks for her sometimes. Mrs. Chan is 60 and retired. She helps Ah Kwan in many ways. For example, she accompanies Ah Kwan to the doctor once a month. Mrs. Chan doesn't ask for money. The only thing she expects to see is that Ah Kwan gets a normal and healthy life. Ah Kwan is grateful to her. Now, Ah Kwan has a more positive attitude. She gets more help from others. She feels more comfortable. She

has changed her job and earns more. Miss Lam has also helped her to apply for the government housing.

From Ah Kwan, I learnt what “good people, good deeds” means. If not with the help from Miss Lam and Mrs. Chan, Ah Kwan won’t start a new life. She is grateful to all the people who have helped her.

We are surprised and glad that Nicole's writing can be published in Creative Kids' Writings 2019. We hope she will improve her writing skills and enjoy writing in the future. Thank you for her English teacher's guidance.

Pressure

6L Wong Sze Ting

Everybody has different kinds of worries and pressure in Hong Kong. Adults need to worry about money, and even primary school students have a large amount of pressure. They need to

work hard to achieve good marks and prepare to enter a famous secondary school. But now it is time to relax and play hard.

First, fresh air and sunshine are important. Scientists have proven that when we are absorbing sunlight and oxygen, we can get more vitality and energy. That means we can be happier! Also, doing exercise or playing outdoors can help us lose weight. So why don't we give it a try?

Lots of people love to drink coffee or smoke, but nicotine and caffeine may increase our cardiac load and they may keep us awake when we need to sleep. However, drinking scented tea can settle our nervous emotions. Teas like chamomile, ginger and lavender are some good choices.

At school, our Campus TV told us that listening to classical music is good. That's right! When we listen to music like baroque music and classical music, it will stimulate our brain and make us feel relaxed and happy.

The most important thing is to share your ideas and vexation with your friends, parents, teachers or people you trust. After you tell them, they can tackle those problems with you. We shouldn't conceal our worries. We may get melancholia if we do so.

The contents are impressive as Belle is using scientific means to work hard and play hard. We do hope she can continue the ways of thinking to relieve pressure in the future. For lots of gains throughout her school life, we are thankful for the efforts and guidance of all teachers.

超人爸爸

陳俊亨 二誠

今天，我跟媽媽一起逛街，前方有許多人在聚集，我立刻跑過去看個究竟。正當我轉過頭來，想叫媽媽來看的時候，才發現媽媽不見了。我邊哭邊喊：「媽媽……你在哪裏？」

這時候，在我面前出現了一個超人。超人問我：「小朋友，有甚麼事需要我幫忙？」我哭着說：「我和媽媽失散了。」

超人二話不說就帶我飛到天空中。我興奮地東張西望，看到了許多大大小小、五顏六色的「火柴盒」，還有非常多的小螞蟻在爬來爬去。我仔細一看，原來是高樓大廈和來來往往的汽車。

我們越飛越高，越飛越高，最終穿過雲層。這時，我覺得很冷，身體忍不住顫抖起來。超人連忙把我送回地面，並安慰我說：「我們致電給你的媽媽，好嗎？」我點點頭，四處張望，找找哪裏有電話亭。剛巧附近有一個電話亭，超人說：「我要先變身，你等我一會吧！」說完便進入電話亭。

當電話亭的門打開，我又驚又喜，剛才那個超人原來是爸爸。爸爸嚴厲地教訓我：「以後不可以到處亂跑，上街時一定要握緊媽媽的手，知道嗎？」我一把抱住爸爸，承諾以後不會再犯同樣的錯。

家長評語：喜見孩子喜歡寫作，能結合生活經驗寫作，希望俊亨能多閱讀課外書籍，多吸收課堂外的知識，努力加油！

老師評語：原來這位見義勇為，但又對你無微不至的「超人」正是你的爸爸，故事情節令人喜出望外。俊亨，你真有創意！期待你未來能創作更多出色的作品。

我和小貓咪

蘇子晴 三勤

「我討厭做功課！」看着書桌上的功課袋，我咬牙切齒地說道。「喵—喵—」書桌下的小貓咪小王發出溫柔的叫聲。我心想：做貓也不錯，整天不是吃，就是睡……想着想着，突然小王撲到我的身上。一道金光在我的眼前閃過，我和小王互換了身份。我先是一驚，緊接着欣喜若狂，因為我終於可以告別那堆令人厭煩的功課了！

我立刻跳上床，鑽進被窩裏，高枕而卧。不知過了多久，我嗅到陣陣飯菜的香味，便揉了揉眼睛，望一望窗外：啊！太陽早已下山了，是時候吃晚飯了！我馬上聞香下「床」，疾步如飛跑到客廳，一躍而起坐到我平日的座位上，準備大快朵頤。這時候，媽媽凝視着我說：「小王，你怎麼坐在子晴的座位上？你的晚餐在那邊呢！」

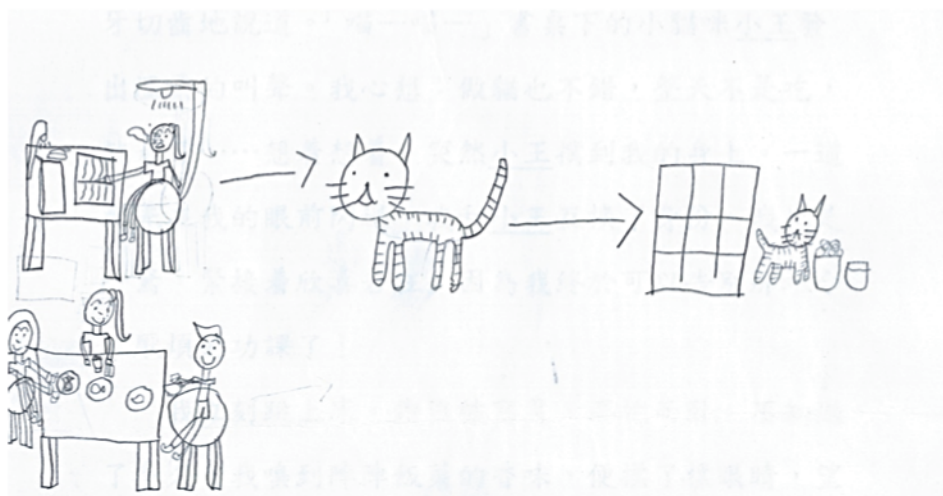

話音剛落，媽媽就伸出雙手把我抱到地上，並指着牆角，我看着地上那一盆黑乎乎的貓糧和另一盆浮着幾根貓毛的清水，剛才飢腸轆轆的感覺早已消失得無影無蹤。我再回頭看看飯桌，桌上放滿了令我垂涎三尺的美食，還有我最愛吃的蜂蜜烤雞腿，而小王正坐在我的座位上吃得津津有味。

看着爸爸、媽媽和小王樂也融融地圍坐在一起談天說地，而我則蹲在牆角形單影隻，我感到懊悔不已！

我思潮起伏：雖然平日要應付排山倒海的功課，但是那些功課令我掌握各方面的知識，使我長大後能為社會作出貢獻。在我的學習路途上，有家人的陪伴和照顧，

有師長的噓寒問暖，還有互相扶持的同學，我認為還是做人比較快樂。

「子晴，吃飯了！今晚有你愛吃的蜂蜜烤雞腿呢！」
一把熟悉的聲音把我喚醒……

老師評語：子晴善用佳詞表達心裏所想，文章流露出她豐富的想像力。

神奇的旅程

彭俊逸 四勤

夏日炎炎，我和家人來到海邊戲水。只見浪花一排又一排前仆後繼地湧向岸邊，湧上沙灘。朵朵浪花退回大海的懷抱。忽然，我發現沙灘上留下三個金光閃閃的大字。我走近一看，原來是「時光門」這三個字。

淘氣的弟弟衝過來，雙腳踩在「時光門」這三個字的上面。突然，一道金光照射在我們全家的身上，一眨眼，我們被帶到一個陌生的地方。

這裏似乎是一座超現代化的城市，我好奇地東張西望，街上沒有一個行人，馬路上也沒有一輛汽車，而所有的建築物都高聳入雲。我抬頭一看，被眼前的景象驚呆了：原來人們都在天上，一架架車不像車，飛機不像飛機的交通工具在天空中穿梭往來，飛行車（我暫且叫它們「飛行車」吧！）雖然多，但是井然有序。飛行車所處的高度不同，飛行的速度也不同。最高處的飛行車速度最快。這裏似乎比香港先進，難道我們跟隨時光機來到了未來？

這時，弟弟大叫肚子餓，爸爸、媽媽便帶我和弟弟去找餐廳，我們在一幢大廈裏找到一家餐廳。奇怪的是，餐廳裏竟然連一個侍應都沒有。我仔細觀察了一下，原來，前來用膳的顧客只需在一台機器前選購食物，然後根據機器顯示的號碼，前往那張餐桌用餐即可。

可是，我發現所有食物都做成藥丸的樣子，外表五顏六色，上面清楚寫着該食物由哪些材料做成，含有甚麼營養成份。我覺得這種食物欠缺質感，把雞肉或三文

魚當藥丸吃，令我沒有食慾。然而，弟弟一看到色彩繽紛的「藥丸」，以為是平時吃的糖果，便嚷着要吃。媽媽說：「我們沒有當地的錢，怎麼辦？」爸爸說：「我留意到人們買食物時，機器裏的一個裝置會掃描顧客的眼睛，並不需要付錢或用信用卡。」弟弟馬上說：「爸爸快把眼睛給機器掃一下。」但是，我們一家四口的眼睛都掃遍了，甚麼也買不到。

就在此時，一道金光再次射到我們身上，轉眼間，我們回到了沙灘。

這次神奇的旅程令我們體驗了未來世界的生活，雖然未來的科技非常先進，改變了人類的生活方式，為人類帶來便利，但是人與人之間似乎比較冷漠，不像我們居住的香港這般熱鬧，食物也不如我們這裏的美味。我和家人還是喜歡香港目前的生活模式，我會更珍惜當下。

家長評語：俊逸的作品能夠入選《小小作家》，對他是極大的鼓勵。希望俊逸你能繼續努力，用文字帶我們走進你的幻想世界。

老師評語：未來的科技是如此先進，真的人人大開眼界。不過，我可不希望吃這樣「美味」的藥丸呢！

超能力

連卓賢 五勤

媽媽說完故事後，便合上故事書，輕輕關上門。雖然已經夜深，但我卻輾轉難眠，總是惦記着故事裏的小精靈，還有那不可思議的超能力。突然，一道金光從書中飛出，那位小精靈居然出現在我的眼前！小精靈把一顆藥丸塞到我手中，並說：「小朋友，你希望擁有哪一種超能力呢？只要你先說出願望，再吞下這顆藥丸，神奇的事情就會發生。」他剛說完，我就毫不猶豫地說：「我想擁有掌控風的超能力！」說罷，我就吞下藥丸睡覺去了。

第二天醒來，我迫不及待想測試這特殊的力量。我心想：讓我用風來移動桌子上的書包吧！我把手向上輕輕一揚，書包真的升起來了！那一刻，我既驚又喜，可是，書包還沒來到我面前，就掉下去了。然後，我加強自己的意念，連續試了好幾遍，終於成功了，我已能熟練地運用超能力了。

接下來的幾天，我為自己擁有超能力而感到得意洋洋，並開始以捉弄他人為樂。

在學校，我隨意呼風喚雨，把同學的頭髮、衣服吹得凌亂不堪；在街上，我用旋風把路人的帽子吹到半空中；在家中，我以強風把衣物吹得亂成一團。

我每天想方設法捉弄別人，奇怪的是，我的超能力慢慢地減弱，直到有一天，超能力竟然消失了。那天晚上，小精靈又出現了。我立刻焦急地問他：「為甚麼我的超能力消失了？」小精靈平靜地回答道：「你不好好

運用你的超能力去幫助他人，反而用它來戲弄人，你認為這樣也配擁有超能力嗎？」話音剛落，小精靈就消失得無影無蹤了。

小精靈的話實在是當頭棒喝，我既羞愧又後悔。當初，小精靈給了我超能力，是希望我幫助人，可是我卻用它來捉弄人。雖然我現在已失去超能力，但我決定以後要用自己真正的能力去幫助他人，決不再戲弄他人。

家長評語：感謝邢主任用心教導及鼓勵，使卓賢對寫作產生興趣和自信。希望他能繼續努力，創作出更好的作品。

老師評語：每個人都曾幻想過自己擁有超能力後會做甚麼，卓賢的文章內容豐富，把心中的狂想曲透過文字繪形繪聲地展現讀者眼前，最後更能以自我反省作結，棒！

相機

馮鈺鈞 六敬(拔尖班)

我的房間總是放着一部又老又舊的「站立式相機」。對每一個人來說，相機只是一個拍照的工具罷了，何況現今它幾乎已經被手機代替，沒有任何特別之處。但對我來說，這部「站立式相機」滿載我和哥哥珍貴的回憶.....

哥哥是一個愛好攝影的人。不管有多麻煩，他也一定要把那巨型的相機搬到目的地拍攝。他愛拍下大自然的奇妙，拍下城市的繁榮，拍下家庭的溫馨，拍下生活中的點點滴滴。每當他看見有趣的事物，就會第一時間飛快地跑回家，把相機搬來，拍下一張又一張珍貴的照片。

哥哥是個堅強的人。自從父母去世後，他一直擔起重重的責任，代替父母照顧我。每次我闖下大禍，他都會站出來為我「解圍」，為我「擋箭」。

哥哥是個勤奮的人。為了全家(我和哥哥)的生計，他一邊讀大學，一邊工作。他每天都會加班，直到深夜才能回來。他樂觀豁達地面對種種的壓力，臉上經常保持笑容，一有空就對我說：「我們出去走走，拍拍照，好嗎？」

三年前的某一天，也就是我十五歲生日的那天，哥哥告訴我，他要去國外進修。哥哥繼續說：「這兩年，你先住在外公家，我會寄生活費給你，你一定要好好讀書啊！」

臨別前，我在飛機場緊緊地擁抱着哥哥，接着哥哥就揮手向一眾親友告別。

怎料，那次離別後，哥哥再也沒有回來了。

那天晚間新聞報導：哥哥乘坐的那架飛機因事故而墮入大海，所有乘客都失蹤了，連飛機的殘骸也找不回來。客廳頓時靜了下來。稍後，我放聲痛哭，眼淚如泉水般湧了出來。外公外婆的臉變得蒼白，老淚縱橫，他們的大外孫永遠不會回來了。

接下來的日子，悲傷伴我同行。哥哥唯一留給我的，就是這部老爺相機。這部「站立式相機」滿載我和哥哥珍貴的回憶，我會一直珍藏着它……

插圖：馮鈺鈞 六敬

家長評語：對身邊親人的思念，在人生的意義上是特別珍貴的。整篇文章佈局很有條理，在細緻的描寫下產生了不少令人觸動的地方，讓我這個爸爸感覺到——孩子長大了。

老師評語：生離死別是人生必修之課。鈺鈞對當中的情感刻劃得十分細膩，字裏行間表達對哥哥的不捨及思念之情。
