貪吃的妹妹

「叩叩叩！」有人用力敲門。我馬上上前打開門，發現是一隻大灰狼，我大吃一驚，準備把門關上。

大灰狼一面哭，一面說：「姐姐！ 姐姐！ 是我，我是妹妹。我偷吃了魔法糖果，變成了一隻大灰狼，怎麼辦？」

我馬上帶大灰狼妹妹找仙女幫忙，妹妹終於變回原本的樣子。從此以後，她不敢再偷吃了。

神秘的袋子

陳芊芊 二愛

小勇是個脾氣暴躁的人。一天，街上有一個神秘人給他一個袋子，並說：「當你生氣時，往袋子裏大叫，就可以令心情變得舒暢起來。」小勇覺得十分神奇，便迫不及待要試試那個神秘的袋子。無論他到哪裏，總會帶着袋子。

這天，他在家裏玩耍的時候，哥哥和小勇正在搶玩具車。正當小勇想出手打哥哥時，發現神秘的袋子在地上。於是他馬上拿着它並對着袋子大叫了一聲，忽然有一本圖書出現在袋子裏。小勇好奇地打開圖書，裏面寫着「從一數到一百，然後深呼吸。」小勇完成指令，神奇的事就發生了！小勇平靜下來了。

第二天，小勇在公園排隊玩鞦韆時，因為人龍太長，小勇急着要玩鞦韆，就想發脾氣。這時，他想起袋子，連忙拿出來並對着它大叫。這次，他從袋子裏抽出了一疊謎語卡。他一邊猜謎語，一邊等着玩鞦韆。不久，他發現自己也可以平靜地等待。漸漸地，小勇很少發脾氣了。他從神秘的袋子裏學會了控制情緒。

最後，他不需要這個袋子也可以舒緩情緒。他把這些方法與人分享，成為快樂的小勇。

愛護環境，由我做起

陳柏衡 三勤

這兩天外面掛着八號風球，我們一家被困於家中，不能外出，我在家裏悶極了！到了傍晚，八號風球終於除下了，我和家人很想外出去呼吸新鮮的空氣，便決定到公園散步。

這時，風已經停下了，街道上風平浪靜，人來人往。我們走在街上，到處散落着樹枝和樹葉，就好像走在用樹葉編織的地氈上。

我走着走着，忽然隱約聽到微弱的呼喚聲。當我靜心細聽，發現旁邊的老樹在跟我說話，它說：「小朋友，我快要倒下了，你快避開吧！」我雖然感到很奇怪，還是立刻告訴父母，他們起初不相信，但當他們仔細觀察，變發現樹身搖搖欲墜，有隨時倒下的風險。於是，爸爸媽媽立刻報警求助，我告訴路人要趕快避開。我跟老樹說：「請你再堅持一下吧！很快便會有人來救你了。」

「小朋友，謝謝你！你真是一個善良的好孩子。」老樹嘆了一口氣，接着說：「人類不懂得愛護環境，使地球受到污染，造成溫室效應。我這次就是因為抵受不了多日連續的惡劣天氣，才會倒下的。」

消防員一轉眼便到達了。他們把老樹扶正，再用支架支撐，防止老樹倒下。我看到老樹不用被鋸掉移走，感到十分高興。

經過這件事，我明白了愛護地球的重要性。回到家後，我畫了一幅「愛護環境，由我做起！」的海報，希望大家能注重環保。

縮小了

司徒梓灝 五敬

一個星期前，因為社會資源短缺，我和家人成為第一批接受「縮小計劃」的人，把身體縮小到如同螞蟻般大小。

剛開始，我們都興奮不已，滿懷期待地想體驗「縮小」後的生活，但是，當我們回到家後就感到十分後悔。我家的大門如同一座山聳立在我們面前，我們三人合力都不夠力量打開房門，我們絞盡腦汁想到一個辦法，就是趴在地上使勁地往門縫裏鑽進屋子裏。進入房間後放眼望去，那些映入眼簾的傢俬猶如高樓大廈般豎立在我們眼前，令我們驚訝無比。

正當我們目瞪口呆時，一陣嗡嗡的聲音在身邊環繞，一隻蜜蜂突然高速地向我們飛來。媽媽大聲地尖叫一聲，慌張地躲在桌下。我和爸爸則用力拿起地上的鉛筆揮舞起來，平時要我拿起鉛筆簡直是易如反掌，但是縮小後卻要費九牛二虎之力才能將它拿起，成功趕走蜜蜂後，我們已經筋疲力盡了。

經過和蜜蜂的一輪「戰鬥」，我聽到肚子在咕嚕咕嚕叫了，好餓啊！媽媽費了好大力才從冰箱裏找到一個紅蘋果給我。好大的蘋果啊！比我身體還要大無數倍，我該怎麼吃呢？張大嘴巴一口咬下去，聽到「咔嚓」一聲，伴隨嘴巴一陣痛楚傳來，我的牙齒掉了！我看着脫掉的牙齒和滿口鮮血，傷心地哭起來了……

突然，一陣刺耳的鈴聲傳來，我睜開眼睛時發現自己躺在床上。我揉了揉眼睛，原來我是在做夢，還好牙齒安然無恙地掛在我嘴裏，真是嚇死我了！

人生若只如初見

一天，我走到街上買東西，發現每個人的頭上都顯示了不同的數字，有些「一」，有些「十」……我上網查了答案，原來，這些數字表示了我和他剩餘的見面次數。這時，我的好朋友從我眼前經過，我定睛一看，她的頭頂掛着一個「三」字。

我心想：啊，我跟小美見面次數只剩三次了！為了不讓見面次數減少，我制定了以下的「作戰計劃」：能避免遇到她的就避免，課外活動就請假，幸好，我跟她不是同一班呢！

我跟同班同學說：「假如小息時，小美來找我，你就說我去弦樂團練習吧！」果然不出我所料，小息時，小美來找我了。

以往小息時，小美總會陪我，但是現在我只能在操場孤獨地玩呼拉圈。當值的老師覺得奇怪，平時我和小美總是如影隨形，但是今天我形單影隻。我心想：為了我和小美，再多堅持幾天吧！這幾天，我睡覺時都輾轉反側，害怕小美突然找上門來。

一個星期後，小美來找我了，她送給我一包糖果，上面寫着：有緣再見。小美說：「今天是最後一天上學，明天我就要出發前往英國了。」我從回憶中東尋西覓……記得了！她曾經跟我說過這件事，可我不想這一天到來，所以選擇了忘記。從我認識小美開始，發生的

特別事，一幕幕像走馬燈般在我的腦海播放出來。這一秒，我哭了，我抱着小美邊哭邊說：「再見了！我永遠掛念你！」

我曾經看過一句話：「人生若只如初見，相見不如不見」，作者認為人生最好的狀態就是你我不曾相識，因為總會相離相棄，但是我不後悔認識小美，因為人生中要找一個心腹之交是一件難如登天的事，所以好好珍惜你的好朋友們吧！

老師評語：畢業在即，小六的同學們感受更深。臨別在即，不悔相識，珍惜現有的友誼，很好的心態。祝願大家友誼長存！

愛的種子

「小美，再見了！我永遠都會掛念你。」這是我跟小美道別的最後一句話。我的話音未落，她便像雲霧般消失在我眼前。

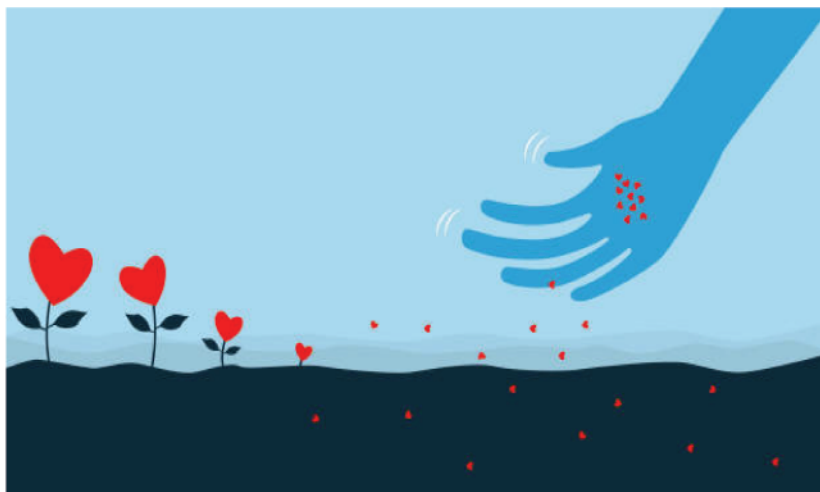

小美是去年搬來的新鄰居，也是我最要好的朋友。我和她認識的時間很短。她既善良，又樂於助人的性格深深吸引着我，令我很快便和她熟絡了。每天放學回家後，我們都一同做功課，一同遊戲，彼此感情突飛猛進。其他鄰居也常常笑言我們是一對異性雙胞胎。

上星期天，奇怪的事發生了：當我走到街上，我發現每個人的頭上都顯示了不同的數字。原來這些數字表示了我和這個人剩餘的見面次數！那天，我竟然見到小美頭頂上掛着一個「3」字！我心中既疑惑又擔心：小美是我最好的朋友，我們每天相見，為何我跟她只剩下三次見面的機會呢？

我焦急得跑向小美問過究竟：「你是否快要搬走了？」小美結結巴巴地告訴我：「是的，後天我便要返回屬於我的星球。因為我在地球的任務已經完成了。」我完全聽不懂小美的說話，滿面充滿疑惑。小美繼續解釋：「其實我和爸媽是來自另一個星球，我們來到地球的目的要散播『愛的種子』……」我回想起當初認識小美時，我是一個既霸道又無禮的孩子。身邊的人都很討厭我，只有小美願意和我一起玩。那時，因為我和小美每天朝夕相對，她的善良和愛心慢慢感化了我，讓我也

成為一個受歡迎的孩子。那刻，我恍然大悟，原來小美的到來，為的是要讓我改變。

我和小美彼此眼中都充滿着不捨的淚水。可是，我明白小美還有其他重要的任務，不得不返回她的星球。我只好上前給她一個緊緊的擁抱，並承諾她：我會以她為榜樣，以行動向身邊的人散播「愛的種子」。

城市雨景

湯啟靖 三誠

我喜歡城市裏的雨景。
高樓大廈被雨水戰士們包圍，
「滴滴答」地在天空打水仗。

雨水洗淨大地後那清新的味道，
就像百合花那甜滋滋的味道。

雨水打落玻璃窗的聲音，
就像鋼琴般那麼優美。

我用手接着天上的雨水，
就像跟雨水牽牽手。

城市裏的雨景，
交織着優美的圖畫。

老師評語：看完啟靖的詩，我也愛上了雨景。下次下雨，我也要走到街上看那幅優美的圖畫。

小水滴的難忘旅程

羅曉晴 五愛(拔尖班)

太陽伯伯！太陽伯伯！
你每次都會挑選一些幸運兒到天上玩，
但怎麼一直沒選上我呢？
哎喲！我飛起來了！
你終於帶我到天上去去了！

啊！好冷呀！
我搖身一變，成了小水滴，
和夥伴們聚集在一起，
形成了棉花似的雲朵。

哎喲！太重了！猶如泰山壓頂！
我和夥伴們不得不鬆開牽着的小手。
下雨了！下雨了！
有的落在山上，形成了一道壯觀的瀑布；
有的落在屋頂上，歡天喜地地唱起歌來；
有的落在小草上，調皮地四處跳躍。

而我則再次回到了大海媽媽的懷抱中，
世界再大，
我還是最愛這裏。

大樹與果實

張凱竣 五敬(校慶徵文)

親愛的黃校長：

學校踏入三十五周年，黃校長，我想在這表達我對學校的感激之情。

三十五年來，「陸小」就像一棵成熟的「大樹」，培育了成千上萬的「果實」，亦讓我這小小的「果實」健康快樂地成長了。

學校給予我的學習機會，為我灌輸了不少養分，讓我開心成長。除了課本上的知識，學校推行的正向教育更讓我認識到自己的性格強項，從而發揮所長。在過去的兩個學年，老師送我很多「性格寶石貼紙」作為獎勵，這些貼紙將會是我的珍藏，並成為我童年回憶不可或缺的一部份！

學校讓我和同學們融洽地相處，也讓我健康成長了。同學們互助互勉，互相扶持，在學習路上不斷進步，不斷成長，真希望在中學階段也能繼續和他們一起學習，一起進步。

學校舉辦的各種課外活動，也讓我不斷成長。一連串的參觀、探訪，甚至工作坊及講座等等，令我們增進不少課外的知識。而最近一次的大灣區考察活動，黃校長及老師們更帶領我們「衝出香港」，去到廣州，認識和見證國家的科技發展及成就，令我們大開眼界！我們身為中國人，不禁多了一份自豪感！

Happy 35th Anniversary

1S Lai Tsun Hei

I'm happy to join the school this year and celebrate the school's 35th birthday. I enjoy learning new knowledge and doing experiments here. I also like the school library because I can read many books there. I love my teachers and classmates. They are very nice.

1L Lui Yan Pui

Happy Birthday! It's my first year studying in this school. I can make new friends and play games with them here. I like the STEAM room most because I can use computers and admire the STEAM works there. I feel proud and excited to study here.

Bubble Museum

2L Chan Chin Yu

The Bubble Museum is the coolest place ever! It is a place filled with bubble displays. You can learn about the history of bubbles and the different materials people used to make bubbles in the past.

Walking through the rainbow bubble dome entrance, you can see a lot of bubbles in all shapes and sizes. There is a bubble ride in the room—this is the best part! You can hop on the floaty bubble and float down the river in the tunnel. There are bubbles dancing all around you. It feels like you're playing on a roller coaster.

Stepping into another room, you can do some experiments to learn bubble magic. In the bubble-making zone, you can create your own bubbles, blow bubbles, paint bubbles, and even make bubble statues!

With so much to see and do, you will have a wonderful time exploring the world of bubbles. Let's go and visit it together!

Nature's Party Zoo

Party Zoo

There is a brand-new zoo in Sai Kung called Nature's Party Zoo. There are many ways to get to the zoo. The most enjoyable way is by boat. People can get on the boat at Sai Kung Pier. The safari boat trip starts from there.

The boat takes people on a special journey. People can get up close to the amazing animals along the waterfront. They can see animals, like hippos, elephants, zebras, and giraffes.

Another delightful adventure at the zoo is meeting the koalas. People can have a chance to hold the adorable koalas in their arms and feed them eucalyptus leaves. It is a good chance to learn more about koalas.

The souvenir shop is next to the exit. Here people can buy the stuffed animals, keychains, and T-shirts there before leaving the zoo. It is a fantastic place full of adventure. Let's go and have fun!

The Rainbow Zoo

My dream zoo is called The Rainbow Zoo. It is located in Hong Kong's big backyard, Sai Kung. To get there, you have to take the special Rainbow Zoo shuttle bus. The bus is in the shape of an animal, with caged windows. It takes the visitors on a tour, and you can feed the animals while you're riding inside the bus.

The zoo is enormous. People can see many amazing animals like lions, tigers, pandas, giraffes, elephants and birds. The zoo has a lot of things to see and activities to do. Visitors can feed and play with the cute animals. Also, you can take photos with your favourite animals and you can even swim with dolphins. Also, there is an extraordinary circus show where a lot of the animals will perform. The zoo has a candy shop, a toy shop, and a souvenir shop.

Inside the zoo, you will find two amazing restaurants: The Mega Bird Cage Restaurant and an Underwater Aquarium Restaurant. You can look at hundreds of colourful birds or fish while you eat. How cool and amazing it will be! I love the zoo! It is a fun and awesome zoo to visit! I will recommend this zoo to everyone, especially my family, friends, and LHT teachers and students.

RAINBOW ZOO

Sunny Island

3L Yip Yat Him

My dream island's name is Sunny Island. It is beautiful and big. It is surrounded by the sea. There is a theme park, a zoo and a pier.

In the theme park, we can ride on the roller coasters, Merry-go-round, Ferris wheel and some other amusement rides. In the zoo, there are many animals, such as tigers, lions, hippos, monkeys, elephants and leopards. There is a pier where we can ride a boat to go to my dream island.

I want to spend time with my family and best friends on Sunny Island. There are two special attractions on my island. Every day, we can enjoy the float parade and fireworks display. It is very beautiful.

I want to design this dream island because I have always wanted to have my personal island and have fun with my family and best friends. I feel amazed that there are new games for people to play in the future.

If this island comes true, I will not let bad guys come, only good people can visit and play on this island.

My Healthy Weekend Family Activity

3R Ho Lok Hin

I enjoy hiking with my family most over the weekend. I like hiking because it is fun and because it can help us stay healthy and strong.

I usually go hiking to Little Hawaii Falls on the Yuen Tsuen Ancient Trail. My mom, dad, and my younger brother usually go there with me. We wear comfortable clothes, hiking pants, and shoes. We also bring trekking poles, caps, and water.

Moreover, my Scout Association organised a hiking activity last Saturday. My dad came along as well. I went to Eagles Nest Nature Trail with my team. It was fun! We looked at the road signs and climbed up the trail. There were a lot of monkeys!

At last, we took a rest at the top of the mountain and enjoyed our snacks. Then, we went back down the trail and got home by bus.

I would like to recommend this activity to others because it can train us to be patient. It can make us healthy and strong!

My Dream School

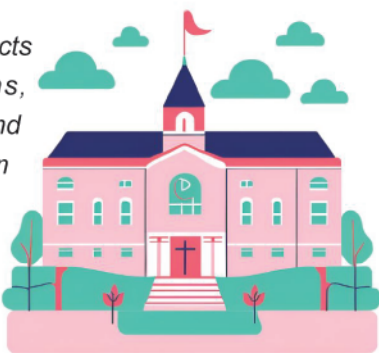

4L Lam Yuet

Every week, I follow the same timetable. I feel really bored. My dream school is a mini society and it is my wish that every student can have a lot of freedom. The freedom to choose our favorite classes, the freedom to choose our teachers and the freedom to choose our resting time. No doubt that the mission of the school is still to teach students how to be a kind person.

There are a lot of high-technology facilities in my dream school, like the automatic doors, the large elevators and many multi-function indoor and outdoor playgrounds. The school starts from 8:30 am and ends until 3:00 pm, and there is an one-hour lunch buffet with yummy international cuisines. There are six lessons a day. Each lesson lasts 40 minutes. Also, there are 4 terms in a year.

We need to study in total 9 subjects including Chinese, English, Maths, Science, STEAM, IT, Music, Sports and Visual Art. All the lessons are taught in a creative approach, and some of the assessments are optional. However, there is only 1 quiz and 1 exam every term for each subject.

Many school events are held at school, such as Sports Day, Easter egg hunt and Halloween party, etc.

My dream school is an amazing place that I can have more time to learn and to play with my classmates. Moreover, I can have freedom to arrange the timetable myself without any hard rules from the teachers. So, I can enjoy my school time every day happily.

Dim Sum Day

4L Siu Chun Hei

Dim Sum Day is a new festival on March 28th. It aims to promote care for others to the world.

Dim Sum is one of the traditional Chinese cuisines. It offers a wide range of choices. When we order food, we have to consider everyone's taste. This festival is a time for family and friends to catch up and share great food with each other. We can share delicious dim sum such as siu mai, xiao lung bao and rice noodle rolls. We can also have fun by singing dim sum songs together, playing group games like using chopsticks to pick up siu mai and making siu mai lanterns.

On that day, we wear Chinese traditional costumes and make dim sum at school. We can exchange dim sum with classmates. This Dim Sum Festival is not only a celebration of dim sum, but also an opportunity to care for others. It is hoped that people can enjoy this joyful and meaningful festival.

A New Festival

6L Choi Lai Yuk

Confucius was a famous ideologist in China. His students wrote the book Analects, which recorded what Confucius had said. It included a lot of traditional positive values such as benevolence, righteousness, politeness and wisdom. I want to design a festival to promote positive values at school and I would like to call it the Confucius Commemoration and Benevolence Festival. Certainly, it is linked to Confucius to praise his Confucianism.

Before the festival, people will decorate their houses in traditional Chinese style and prepare Hanfu to wear at the festival.

At this festival, we will hold various amazing activities to enhance the students' knowledge about benevolence. The first one is designated as "Acts of Kindness Day" where students perform random acts of kindness for their peers, such as complimenting others, helping teachers and encouraging younger students. Moreover, they will discuss different situations that are provided by the teachers. The class that shows the most benevolence will win a pizza party.

Another big activity is a school-wide Confucius Day celebration! There will be performances, exhibits, presentations and competitions all centered around extolling the virtues highlighted in Confucius' teachings. The entire community will also take a benevolence pledge.

To further promote positive values, "Reading Aloud" will be organized. Students will gather in the auditorium for a reading of the Analects event. One representative from each group will come up to the stage to read their passage aloud. This allows everyone to learn about all the important principles emphasized by Confucius.

To make it even more impactful, the teachers will review what has been read and have students reflect on how they can apply those lessons in their daily lives. For example, if a passage is about respecting elders, students may share examples of when they have shown respect to teachers or their grandparents.

Besides activities, eating traditional food is also very important to increase the atmosphere of this festival. I think traditional huge steamed buns symbolizes reunion and sharing. Families that share the huge bun together can show benevolence.

The Confucius Commemoration and Benevolence Festival is just the beginning of promoting traditional positive values. The next step is making the festival to promote other positive values like politeness. I believe my Confucius Commemoration and Benevolence festival will be successful.

Shadows of Deceit

6L Ha King Yau and Siu Yi Wing

Chapter 1: A Mysterious Disappearance

Detective Max Crawford, a seasoned investigator with a reputation for solving the most perplexing cases, found himself engrossed in the peculiar disappearance of a prominent socialite, Victoria Sinclair. The elegant heiress had vanished without a trace from her lavish mansion on the outskirts of the city, leaving behind a distraught family and a baffled police force.

Max's phone buzzed, pulling him out of his thoughts. It was a call from Inspector Reynolds, the head of the local police department, requesting his expertise on the case.

Chapter 2: The Sinister Estate

The Sinclair mansion stood tall, its grandeur marred by the eerie silence that hung in the air. Max was greeted by the anxious faces of Victoria's family members, each one holding onto a glimmer of hope that she would return unharmed. As Max examined the scene, he noticed the absence of any signs of forced entry, suggesting that Victoria might have left of her own accord.

Max began his investigation by interviewing the household staff, searching for any clues or hints that could shed light on Victoria's sudden disappearance. He sensed a palpable tension among the servants, as if they were hiding something.

Chapter 3: Dark Secrets Unveiled

Max delved deeper into the lives of the Sinclair family, discovering a web of secrets and lies that had been carefully concealed. Victoria's husband, Charles Sinclair, a charismatic entrepreneur, seemed unusually composed, raising suspicions in Max's mind. The detective also uncovered Victoria's secret liaison with a mysterious and dangerous individual from her past.

With each passing day, Max unraveled more clues, leading him to a hidden study within the mansion. There, he stumbled upon a hidden compartment containing a collection of coded letters and cryptic symbols. The contents hinted at a clandestine affair involving Victoria and a powerful figure, potentially tied to a criminal underworld.

Chapter 4: A Race Against Time

Time was running out for Victoria, and Max knew he had to act swiftly. He traced the coded letters to a seedy nightclub on the outskirts of the city, notorious for its connections to organized crime. Disguising himself, Max infiltrated the establishment, seeking answers from the dangerous underworld figures who frequented the club.

In the dimly lit corner of the club, Max met a man who called himself "The Raven," a notorious information broker with ties to Victoria's past. The Raven revealed startling information about a hidden criminal organization operating within the city, and their involvement in Victoria's disappearance. Max realized that he had stumbled upon something far more sinister than he had anticipated.

Chapter 5: The Final Confrontation

Armed with newfound knowledge, Max raced against time to save Victoria from the clutches of her captors. He followed a trail of clues that led him to a remote warehouse on the outskirts of town. There, he discovered the chilling truth—an underground operation known as "The Shadows" had been orchestrating Victoria's abduction for their nefarious purposes.

In a gripping climax, Max confronted the leader of The Shadows, a cunning mastermind who reveled in the power of manipulation. A fierce battle ensued, as Max fought to rescue Victoria and dismantle the criminal empire that had ensnared her.

Chapter 6: Resolution

With Victoria safe and the criminal organization exposed, Max emerged victorious, bringing justice to those responsible for her abduction. The Sinclair family could finally find solace, knowing that their beloved Victoria was back in their arms.

As the story of Shadows of Deceit concluded, Max Crawford returned to his quiet life as a detective, haunted by the darkness he had witnessed. Forever changed by the case, he resolved to continue fighting against the shadows that lurked in the city, always vigilant in his pursuit of justice.

Sherlock Fogg

6D Lee Tsz Lok and Sun Qicheng

At 12A Peking Street, Sherlock Fogg walked into a café. He ordered a cup of coffee and sat down.

He was looking at a newspaper when someone tapped him on the shoulder and said, "Great Detective, I have a case for you." Sherlock Fogg turned around and found out that he was Agent Ho. Agent Ho continued, "I will tell you the details when we arrive at the crime scene." "Ok, but I need to call Weston to come too," said Fogg.

At the crime scene, they started to discuss what they saw. "Someone killed the billionaire, Caston, in the park. But we can't find evidence anywhere," said Agent Ho. Then, Sherlock Fogg and Weston walked around the park to look for evidence. Suddenly, Fogg found a knife with blood on it in a rubbish bin. He gave the knife to Agent Ho to look for fingerprints. Agent Ho quickly scanned the knife and found fingerprints belonged to Caston's little brother, Coston! Agent Ho, Sherlock Fogg and Weston ran to Coston's house and arrested him immediately. Sherlock Fogg, the amazing detective, solved another case again.
