

2024 Halloween Party

On 31st October, 24, we have amazing Halloween Party at school. When I walk around the school, there are different kinds of decorations. I can see spiders on the spider webs, big lanterns, balloons and skeletons. On that day, I dress up as an evil. My friend, Emily, dresses up as an Angel, Gloria dresses up as a Zombie. We look so pretty.

At 8:40a.m., we go to the covered playground to join the Halloween party. I can see various game booths and I play with my friends there. I play the puzzle game that I need to group the puzzle pieces together to form a pumpkin image. The second game that I play is matching game. I need to match the English words and stick them to the pictures such as skeleton and ghost. The third game is Mystery Box. A hand suddenly catches my friend's hand. It is terrible. Finally, I take photos with my friends. Among these activities, I like matching game most because it is fun and I can learn more vocabularies about Halloween.

Then, we go back to the classroom. We have some activities in the classroom, too. I play the memory matching game in the computer. I need to remember the cards' positions and match the same pictures. Next, we share candies with each other. Overall, I enjoy the Halloween Party and I feel happy and excited because I can get stamps and candies. Also, I feel amazed because I can wear special costume with my classmates. I am looking forward to the Halloween party next year and I want to dress up as a Bat next year.
