### School Picnic

We went to Tai tong on 11<sup>th</sup> December, 2024. It was the school picnic that day. We went there with our classmates and teachers.

First, we went there by coach. On the bus, we chatted together and everyone were excited. After we arrived there, we took our class photos.

Then, we started to play. I played table tennis with my friends. While I was playing, my class teacher said, "We need to do the crafts now, please line up." When we were doing our crafts, our teachers took a lot of photos of us.

We had our lunch at twelve o'clock. I ate rice with pork and I shared some snacks with my friends. We were over the moon.

At last, we had one hour left to play. We went to the park and played hide-and-seek. We were tired after playing it. We all said that today was a great day!

### School Picnic

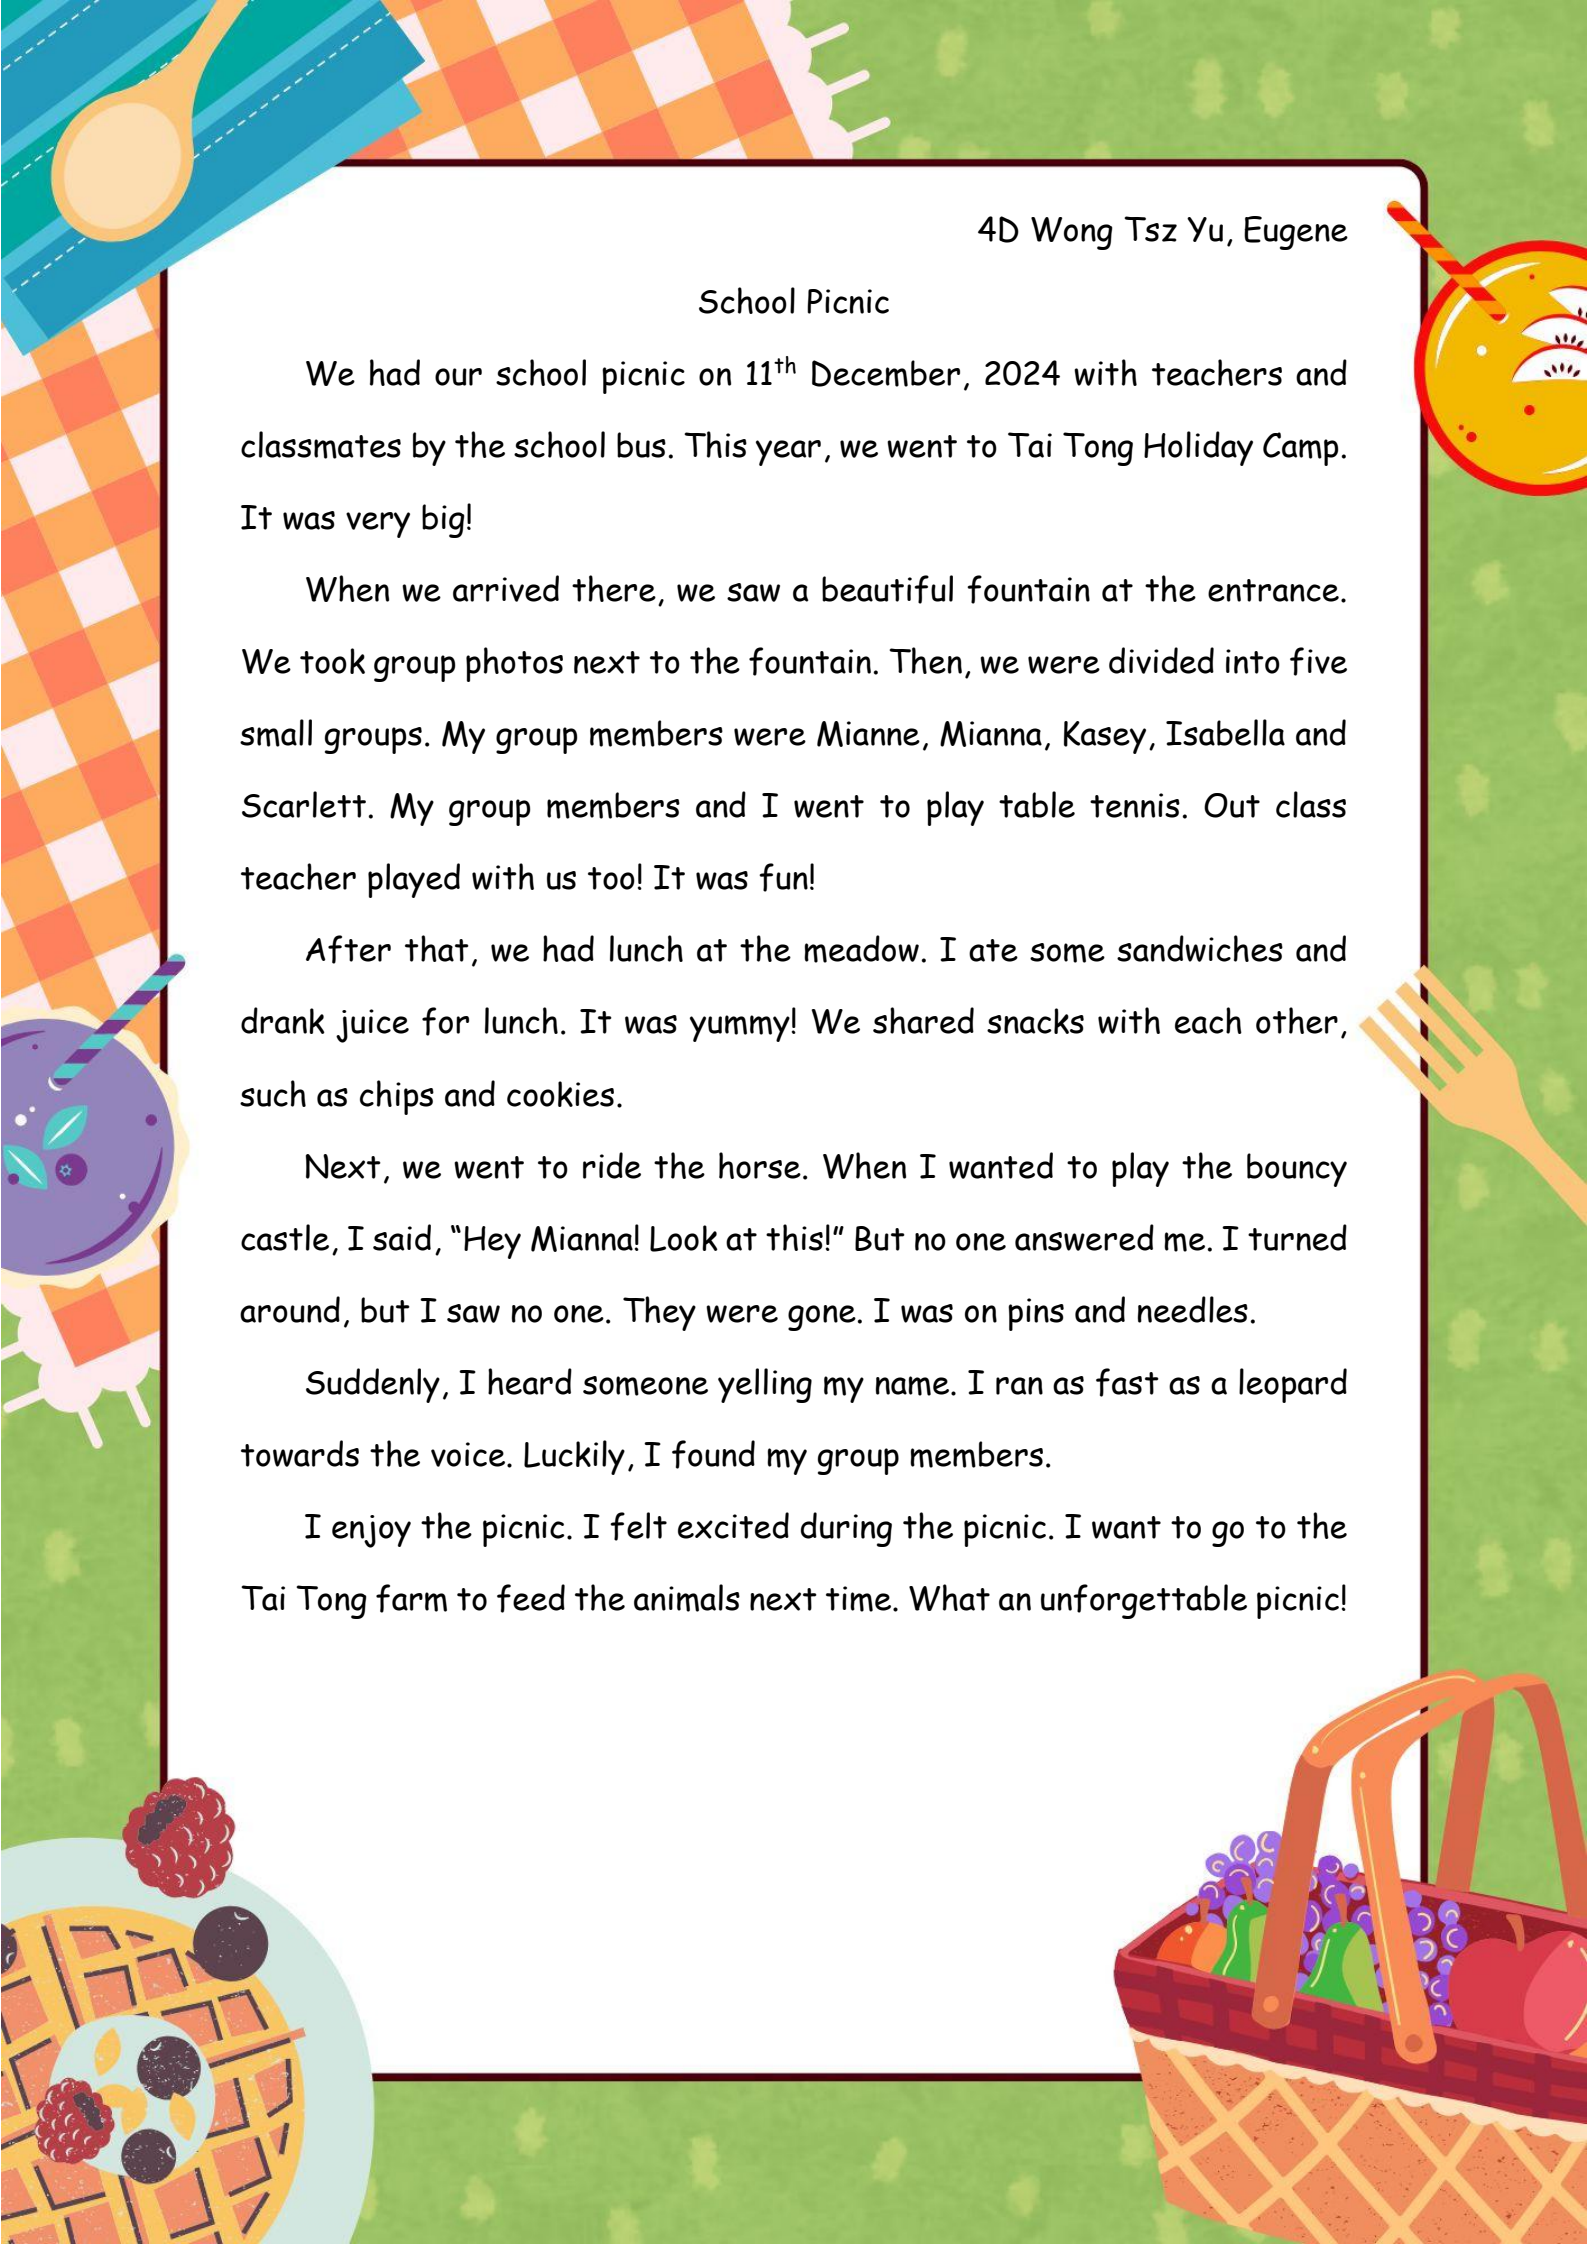

We had our school picnic on 11<sup>th</sup> December, 2024 in Tai Tong Holiday Camp. That morning, I went there with my class teachers and classmates by school bus. I was beaming with excitement. First, we took a class photo when we arrived at the campsite.

Then, I had a walk around the campsite and chatted with my group members. There was a burst lush greenery and the view around was breathtaking. As soon as we reached the tuck shop, I bought potato chips, bread and a bottle of water for my lunch at eleven o'clock.

After lunch, we played table tennis and tried wall climbing. We had a whale of time. Next, we also did arts and craft together, it was so fun.

Finally, we reluctantly bid farewell to Tai Tong campsite and back to school. I hope I can go to Sai Kung campsite next year because I want to fly a kite and ride a bike.

### School Picnic

We had our school picnic on 11<sup>th</sup> December, 2024 with teachers and classmates by the school bus. This year, we went to Tai Tong Holiday Camp. It was very big!

When we arrived there, we saw a beautiful fountain at the entrance. We took group photos next to the fountain. Then, we were divided into five small groups. My group members were Mianne, Mianna, Kasey, Isabella and Scarlett. My group members and I went to play table tennis. Our class teacher played with us too! It was fun!

After that, we had lunch at the meadow. I ate some sandwiches and drank juice for lunch. It was yummy! We shared snacks with each other, such as chips and cookies.

Next, we went to ride the horse. When I wanted to play the bouncy castle, I said, "Hey Mianna! Look at this!" But no one answered me. I turned around, but I saw no one. They were gone. I was on pins and needles.

Suddenly, I heard someone yelling my name. I ran as fast as a leopard towards the voice. Luckily, I found my group members.

I enjoy the picnic. I felt excited during the picnic. I want to go to the Tai Tong farm to feed the animals next time. What an unforgettable picnic!
