My Easter Holiday

I started my Easter holiday on 17th April, 2025. I went to World Expo in Osaka Japan with my parents.

First, we went to Japan Pavilion. It is about a Biogas Plant that generates energy from the food waste produced at the Expo site. After that, we went to Signature Pavilion, it was about Future of Life. I am so touched after watching the video. I played a lucky draw and I won the third prize, it is a "Mya Ku-Myaku".

I feel fantastic because I love Japan and I enjoy evolving capsule toys. The crabs, bread, sushi and shabu-shabu are super delicious!

My Easter Holiday

I have a long Easter holiday. It is about eleven days, starting from 17th April, 25 to 27th April, 25. I travel to Guang Zhou for four days. So my mother suggests me to finish all my homework before I enjoy my holiday.

Actually, I have no celebration for Easter, but I make an Easter egg with clay. I bring my Easter egg with me on my trip. I go to ChimeLong Forest Kingdom to visit animals. I take photos with gorillas and I hold the Easter egg too! When I feed a giraffe, it took my branch away quickly. I am so shocked.

I feel scared because when I watch the circus, there was a heavy rain outside. So much rainwater comes inside the circus place. The circus even have to pause for half an hour and my trainers get wet.

I feel joyful because I can see so many animals that I have never seen. I enjoy my Easter holidays, since I work hard for my homework and play in my trip!

My Easter Holiday

I like Easter because my parents bring me to travel every Easter.

This year, I started my Easter holiday on the 16th April, 2025. I finished my homework quickly because we will go travelling two days after.

This year, we go to Qingyuan, China. Daddy booked a suite in a nice hot spring resort. We did a lot of activities there, such as, fluid rabbit workshop, cookies baking class and river fishing. At night, we got into the outdoor hot spring. We talked, laughed and played in the hot spring. I enjoyed the moments very much with my family.

I like this trip because I tried many special things and all of them are amazing! I look forward to the next long holiday!

My Favourite Season

My favourite season is spring. It is warm and wet. The trees, the flowers and the grass begin to grow. The animals go out to find the food.

In spring, I usually go to the park with my mum. I play roller skating there. I also enjoy beautiful flowers and fresh leaves in the park.

Spring is the beginning of the year! I like spring very much!
