My Summer Holiday

One day, I go to All Love Park Water World with my family and cousin. First, we go to splash bay. We play water slide, and it is fun! Then, we go to play cyclone spin, and it is interesting!

After that, we go to play lazy cruise. I take on a relaxing journey with my cousin by riding on an inflatable tube.

In the end, we go to play big wave bay. The highest wave is almost 3 meters. We immerse ourselves in the thrill and excitement of the waves for the whole afternoon. That is thrill fun!

My Summer Holiday

My special day happens in Beijing. During the summer holiday, I went to Beijing with my family. We travelled to Beijing by airplane, and it took two hours.

On the second day of my trip, I went to visit the Great Wall in China. It totals 21,196.8 km. First, I rode on a cable car, and it brought us to Mutianyu section of the Great Wall. We started climbing the steps of the wall. I felt like I can touch the sky. The steps were quite steep and tiring, so I had to be very careful. There were many mountains around us. The views were wonderful. We took many photos to record this amazing moment.

In the end, we went down the mountain by cable car. We visited the shop and bought some souvenirs. I bought a Great Wall magnet.

I felt tired but glad that I have a chance to visit the Great Wall. I will never forget this trip.

My Summer Holiday

I go to Okinawa in July. I go there by plane. Juno's family, my mother and I go together. It is a six-day tour.

We stay at a big hotel. We go sight-seeing at different tourist spots. The most remarkable event is swimming with dolphins. I hold its fin and swim gently. It is like swimming in a breeze.

Making a glass is the most interesting thing I have ever done. Blowing a glass out of melting glass is very hot. My glass can even glow at night.

Going on a trip to Japan is so fun. I wish I can go there again.

My Summer Holiday

I had a trip to Phuket with my family and friends over this summer holiday. It was really delightful.

On the first day, we explored the lively night market where my mother picked out a nice souvenir for me. The next day was filled with fun - we spent time swimming in the hotel's resort pool. Then, we went to have some delicious local seafood. On the next day, my father found a funny swimming float to play with. After that, we all headed to the beach to soak up the sun. It was a special day. We ventured out to nearby islands and got to swim with small fish on the third day. On the fourth day, we spend out a day in the big supermarket followed by a group dinner.

Finally, on the fifth day, it was time to head back home to Hong Kong though I already missed the wonderful trip.

My Summer Holiday

In this summer holiday, I travelled to Hokkaido in Japan with my family. We visited the Asahiyama Zoo on a sunny day.

First, we saw a beautiful pink flamingo in a pond. It was drinking water. Then, we saw two snowy owls sleeping on the trees. They looked peaceful. After that, we went to the penguins' room. There were different types of penguins and they were all so cute. Finally, we visited a group of gorillas. They were a big family.

Later, my mother bought me a vanilla ice-cream, which was so yummy. It was really a wonderful day and an unforgettable trip!
