### A Trip to Guangzhou

In summer holiday, I had a wonderful trip to Guangzhou. We rode on high speed train at Hong Kong West Kowloon Station. It took around an hour to get there. It was speedy and the seats were comfortable. When we arrived at Guangzhou South Railway Station, we called a taxi to the guesthouse by the apps.

The guesthouse was newly built and stylish.

We visited many famous tourist spots. We spent a day in Chimelong Water Park. There were many exciting attractions, for example, Skyhigh Falls, ThunderLoop and Daredevil Drop. All of them made us scream in fear. We enjoyed splashing each other and the park was full of laughter and joy.

The food in Guangzhou was so yummy. There were different kinds of dishes to choose. All of them made my mouth water. I could not stop eating and my stomach was full. The night view in Guangzhou was stunning. Going up to the top of Guangzhou and riding on Pearl River Boat to have full night view of Guangzhou City should be on the to-do list to visit there. As a metro lover, I immersed myself in Guangzhou Metro Museum. It was all about metro including their history and systems. I really hope I could go there again as one day was not enough.

What a fruitful trip. It is better to travel ten thousand miles than to read ten thousand books. Next time, I will explore more cities to learn more.

### Animal Touch in Tokyo

I went to Tokyo with my family in the summer holiday. On the third day, we went to Odaiba to visit an indoor petting zoo called AniTouch. There were many animals such as capybaras, rabbits, toucans, meerkats, ducks, sloths, chicks, owls, parrots and baby monkeys.

When I went to this place, I felt excited. Then my father paid money to the cashier to buy the pet foods and tickets, so I can feed the animals. After that, I fed a capybara for the first time. Then, I touched the capybaras and the other animals. I held an owl but I was very scared because its claws were very sharp.

At last, I went to the souvenir shop. I wanted to buy all the capybaras but I could just buy three of them.

### Summer holiday

My summer holiday I went to Wuhan to visit my grandparents and my dog Cash. We can't take it to Hong Kong as my grandparents raised it.

When I was on the train, I missed Cash very much. I was a little sad and a little happy because I thought Cash might forget me.

When I arrived at my grandparents' home, they greeted me warmly, and Cash was more warmly. It wagged its tail, stood up and jumped Cash remembered me. I was very excited. 'You are a good dog, Cash!'

The next morning, I took Cash for a walk when we returned home Cash was very hungry. So, I gave it a dumpling. My grandma said Tommy's favourite food was dumpling.

When Cash finished eating, I thought we could play together. So, I made a light spot by the mirror. Cash loved chasing it. When I stopped the light spot on the wall, Cash stood up and bit it. Everyone laughed. Cash was so funny.

But happy time is always short. I had to leave. My grandparents led along Cash after me. I was too sad. Cash was barking too. I thought Cash was as sad as me.

Cash, I would come back next year.

### A trip to Chengdu City

Have you been to Chengdu? This summer, I went to Chengdu with my parents. I am very excited. This is my first trip to Chengdu. There is the giant panda's home town, so we went to Chengdu Research Base of Giant Panda Breeding. Giant pandas are known for their playful antics and cute nature. They have big black eyes, black ears and a big white abdomen. I saw a cute panda, its name is Dian Dian. It was eating bamboo, then it climbed up trees. What a cute panda it is!

There is a lot delicious food in Chengdu such as Zhong's dumplings, Tang Yau Guo Zi, Sweet cold noodles, but hotpot is the most famous. The food is very delicious but most of it is spicy.

Chengdu is a very interesting city. I hope I can visit it again.

## Our School Picnic

Last Wednesday, our class teachers took us on a picnic at Po Leung Kuk Jockey Club Tat Tong Holiday Camp. It was a lovely experience.

First, we had a briefing about the campsite. Then, I took a walk and chatted with my friend. We played badminton and rode bicycles.

At lunchtime, we brought fruits, cakes, and snacks. We ate together joyfully.

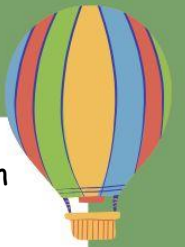

After lunch, we went to the park to play on the swings and have a game of hide-and-seek.

It was a wonderful picnic. We enjoyed it very much and hope the next school picnic will occur soon.

### Our School picnic

We had our school picnic at Po Leung Kuk Jockey Club Tai Tong Holiday Camp on 11<sup>th</sup> December, 2024.

When we arrived at the campsite, we borrowed bicycles and rode around the area. After riding, we played badminton and had lunch. I had mango juice, two pieces of bread, and some snacks. We shared our snacks together because our teacher teaches us that "Sharing is caring."

I was a little hungry, so I bought an ice cream. While I was eating it, I accidentally dropped the ice cream.

I enjoyed the school picnic; it was very fun, but I felt a bit tired. I wanted to go to other places because I was getting bored. Next year, I hope to play badminton with my friends!
