### A Visit to Hong Kong Seeing Eye Dog Services

Last week, I and my father went to Hong Kong Seeing Eye Dog Services. It is located at Ta Kwu Ling. We went there by coach.

At first, we had a talk about Hong Kong Seeing Eye Dog Services. After that, we bought some souvenirs there. They were cute. Then, we tried directional walking and experienced in the dark. I was scared. At last, we took photos with dogs. We felt enjoyable and joyful.

I love the seeing eye dogs because they are obedient and they are good helpers for the blind people. This visit was very unforgettable because I could closely interact with seeing eye dogs. I felt very excited in this visit.

From this visit, I learnt a lesson that seeing eye dogs are blind people's eyes. We should love them and welcome them everywhere.

My summer holiday was amazing. The sun was baking hot throughout the whole summer holiday. we sweated a lot it was a nice time to go on a trip I have been to Taiwan, Thailand and Macau this summer. Let me share some special moments of my trips with you.

At the beginning of my summer holiday, I went to Taiwan with my friends and family. We visited Taoyuan. It was quiet and peaceful. I ate dumplings and bento boxes. I enjoyed the food very much. I also spent a lot of time on playing claw machines. We had a wonderful time.

### Greatson's Japan Trip

This summer holiday, I went to Japan with my parents and grandparents. Here are some views and attractions that are unforgettable for me.

We went to the Nara Park. I fed many deer. They were very lovely but they chased my food.

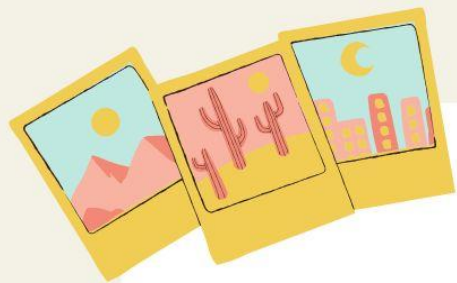

Then, we went to a sushi school. We made some sushi and we also ate some tempura. It was delicious!

Next, we went to Kobe Animal Kingdom. I could see Sumatran tigers, sand cats, greater flamingos, ringed teals and so on. I knew a lot of knowledge about them.

Last, we went to Universal Studios Japan. There were many attractions in USJ. I played Freeze Ray Slider, Moppy's Balloon Trip, The Flying Snoopy and Mario Kart: Koopa's Challenge. Finally, we took JR back to the hotel.

I want to go to Japan again because the view attracted me a lot.

## An Unforgettable Trip to Kyushu

My parents and I went to Kyushu during my summer holiday. Kyushu was a famous place in Japan. It was located in the southwest of Japan. The most attractive places were Huis Ten Bosch and Kujukushima Peral Sea Resort.

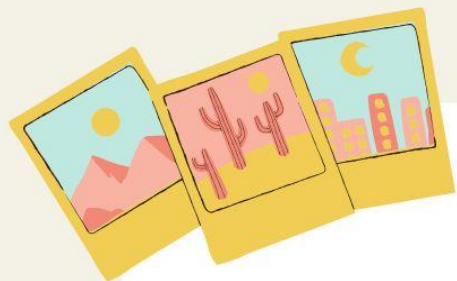

Huis Ten Bosch was the largest European theme park in Nagasaki Japan. First, we went to the Canal Cruiser. From the boat, we enjoyed a 360-degree view of beautiful townscape and rural scenery. We took photos and had lunch at such a lovely place. Second, we went to take the Sky Carousel. It was Japan's first 3-story merry-go-round, which was the world's tallest with 15m height. We enjoyed a gorgeous view of the cityscape of Huis Ten Bosch. We took four times of that Sky Carousel because it showed a completely different views during the day and at night. We took the seats on the 3<sup>rd</sup> floor. The views were amazing that I had never seen.

Third, we went to Kujukushima Peral Sea Resort. It was located in the south of Japan and surrounded by numerous coasts and islands. There were lots of charming spots, including Kujukushima Dolphin Pool, Jellyfish Symphony Dome and Kujukushima Bay Large Aquarium. I liked the Dolphin Show very much because it provided us with more opportunities to get to know the daily lives of dolphins and sea lions.

With these many attractions, we had too much fun and memories in Kyushu. I hope that we can travel Kyushu with my parents again.

## A Trip to Water World

Not long ago during the summer holiday, I went to the Ocean Park Water World with my best friend, Ashley. It was truly a memorable day. Let me share what I experience to you!

After taking a shuttle bus from Ocean Park and arriving at the destined Water World, we first took a visit to the Lazy Pool, where you get on a blue floaty and slacken on a water road that goes around the inner waterpark. During the ride on the floaty, there were waterfalls that streamed over our heads. Ashley despised it, though I quite enjoyed it seeing it was pleasant.

Then, we decided to go on a four-people slide, named "Cavern Chase". Before going down the ride, the lifeguard twisted the floaty making me the one that was facing backwards. Throughout the ride, it kept on bumping and twisting the seats, and that led to an extremely nauseous feeling. It was also very hot inside the slide, which only made it even worse. It was thrilling and exciting, and I wished to go on it once more.

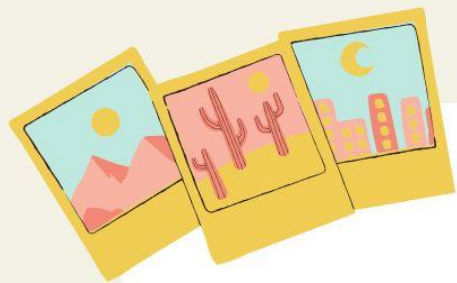

We went to the wavy pool next, which has colossal waves flowing across the pool for people to enjoy. There was also a spacious platform you play beachball on. It was crowded so I couldn't get a chance of playing unfortunately.

For lunch, Ashley and I went to a restaurant next to the pool and ate a plate of savoury and flavoursome fried chicken, paired with a box of toothsome salted fries and a diminutive tub of strawberry flavoured ice-cream. Everything paired together was really mouth-watering. I couldn't even get enough!

Lastly, we went to one of the most intimidating rides in the waterpark, called "The Vortex". It was also a four-person slide. It started of going straight down with rapid speed and then entering a short black tunnel that kept on twisting the floaty, ending with a ramp that went up and down. Not only was it stimulating, it was also scary! But the queue of 45 minutes wasn't worth it.

Afterwards, we took a bath and went home, and we ended the day with a goodbye. The experience was truly enchanting and fascinating. I sincerely wish to come here again next summer holiday!

### A Wonderful Trip in Singapore

In this summer holiday, I went to Singapore with my family. We took a flight to Singapore Changi Airport and started our journey. I felt excited and cheerful.

We visited Merlion Park. We took a ride on the Singapore Flyer and went to the Singapore Zoo to watch different kinds of animals. Also, we went to the Universal Studios.

The one I like the most was the Dolphin Island at the Adventure Cove. Why? In this place, I had a valuable chance to play and swim with the dolphin. Before playing with them, our coach, Calors, had a briefing with us. Then, we put on our swimsuit and got ready for playing with them. The dolphins jumped up and down in the big pool and splashed all the water on my face. Wow! It was so amazing! The lovely dolphin, Ella, sang and danced in front of us under the coach's signal and with the food given. Besides, we could have a chance to touch the dolphin's skin. It was smooth. It was interesting. Finally, we hugged the dolphin and took a lot of photos with Ella.

This experience is the most unforgettable and special part of my life. I can have a close contact with the lovely dolphins. I will keep studying hard to thank my family. I hope I can go to Hokkaido next year.

### Phuket family trip

I had a family trip in summer. We went to Phuket with forty-six family members. We lived in a huge swimming pool villa. It was sunny every day.

First, we went to the huge water park. The games were exciting. There were so many visitors to play the games, so we had to line up for a long time. However, we all enjoyed to play these games. Then, we had a BBQ dinner. I loved to eat the shrimps and oysters.

In the end, we had the Thai massage. It was relaxing. I enjoyed the family trip. I am looking forward to the next trip.

### Our School Picnic

We had our school picnic at Po Leung Kuk Jockey Club Tai Tong Holiday Camp on December 11th. I was in Jan's group, which consisted of only two people. When we arrived, our teacher gave us a short briefing. He told us that we needed to return at 11:30 a.m. for lunch and 1:30 p.m. for gathering, and that we could start to have our free time.

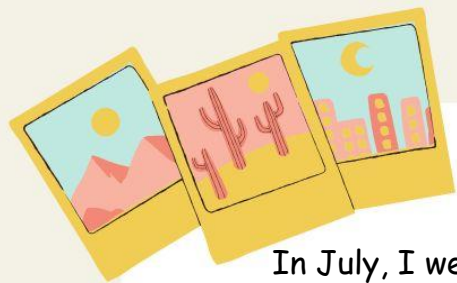

First, we rode bikes for about 15 minutes, and we really enjoyed it. Then, we had some snacks, including jelly, sausages with pineapples, and dried pork. They were mouth-watering.

After that, we played the flying fox game, which was exciting. By the time we finished playing, it was already 11:45 a.m. We were late for lunchtime, so we ran as fast as a rocket to the meeting point. We had a delicious lunch. I ate some rice balls and corn, while Jan had a sweet potato and a cucumber. We left the campsite after 1:30 p.m.

I enjoyed the picnic very much. It was unforgettable, and I wish I could go again next year.

### My summer holiday is fun

In July, I went to Zhuhai with my parents and relatives.

We visited a theme park and stayed in a hotel next to it. There was a swimming pool and a snow world. I swam with my cousins in the no-boundary swimming pool. It was very beautiful. We then went ice skating in the snow world, where I also built a small castle. We had a fun time there.

In early August, I went to Macau with my friends. We arrived in the afternoon and stayed at the Lisboa Macau Hotel, where we swam in the hotel's swimming pool.

On the second day, we went to the Super Fun Zone in the morning. We played in the Bubble Zone, Monkey Ropes, Raceway, Bamboo Steps, Bounce-o-Matic, and more. We also had ice cream at the Clubhouse Diner. In the afternoon, we visited Seac Pai Van Park, where we saw giant pandas, red pandas, parrots, monkeys, cranes, and more. At night, we had dinner at a Portuguese restaurant, where we enjoyed a lot of delicious food.

On the last day, we had tea at a Chinese restaurant called Chalou, where we ate dim sum. After the meal, we returned to Hong Kong. We enjoyed the trip very much because we had a lot of tasty food and played many fun games.

In mid-August, I went to Guangzhou with my friends and parents for four days.

On the first day, we went to the Sunac Water Park. We swam there and played on the water chutes in the Great Wave Bay and Fun HQ areas.

On the second day, we visited BONSKI and went skiing. I felt nervous because it was my first time skiing, but the coach was very patient in teaching me, and I learned how to ski quickly.

On the third day, we went to the Sunac Sport Park, where we tried driving go-karts in the Krazy Karting area. In the evening, we watched a circus show, and the acrobats performed dynamic acrobatics. We were all amazed by the show.

We felt really excited during the trip as we tried some sports we had never done before, like driving go-karts and skiing.
