

A day I got 100 marks

I have forgotten when I got 100 marks. Maybe when I was P.1, I got 100 in Chinese.

That day, I was excited. My teacher told me, "good, you got 100, be more confident!"

I was very happy, everyone cheers for me. I like Chinese when I was in P.1. I like reading Chinese books, so my Chinese is better than English and Math.

When I went home, I told my mom this thing. She was happy for me, so she gave me a candy and cheered for me. That night she cooked food I like. If I can get 100 marks every day, maybe I will be fat!

I wish I can have 100 again, I like this feeling because everyone will cheer for me.

Sports Day

Last week was my sports day, I was very excited because I joined four events, the 50-meter and 100-meter races, the long jump and the relay race.

In the morning, the weather was sunny. Suddenly, it started to rain during the competition. The teachers asked us to stop for a while. I felt a little worried because I didn't want the sports day to be canceled. Luckily the rain stopped soon, and the games continued.

I tried my best in every event. I ran fast in the 50-meter and 100-meter races and jumped as far as I could in the long jump. In the relay race, my teammates and I worked together and we won.

At the end of the day, the principal announced the winners. I was so happy because I won awards in all my events! Even better, I got the "Overall champion" trophy! My friends cheered for me, and I felt very proud.

This sports day was unforgettable and I can't wait for the next year's sport day!

Sports Day

Our school held the sport day on 6 March 2025 at Tseung Kwan O Sports Ground. It was a raining day and we were worried if the games would be cancelled. Luckily, the games continued and I joined three games. They were 60 meters sprint, long jump and parent-child relay.

Firstly, we had an opening ceremony and then we started the field games. The 60 meters sprint started. I tried my best to run then I got the third place in my group. I didn't enter into final.

Then, I heard it was calling to start the long jump. I rushed to line up. My first jump was not good because the ground was wet and I did not want to jump into the muddy sand. But when I saw my friends were jumping further than me. I was encouraged to run and jump as far as I could. Suddenly, it rained dogs and cats. The games were on hold and we started to have lunch earlier. So I didn't know my result.

After lunch, the weather got better. The games were resumed. My dad and I were excited to have the parent-child relay. We practised the relay before the sports day. So when it started, I tried my best to run and be the first one to give the stick to my dad. My dad ran very fast. I thought he was the winner. Finally, we were the second runner-up in the relay.

After the sports day, the school announced the result of the field games. I also got the fourth place of long jump. I got two medals on sports day. It was very unforgettable and happy for me.

I am longing to join the sports day again next year with my dad.

A Nai Hai school trip

From April 14-16 it was a school trip to GuangZhou. On April 14 almost all P.5 students were at the basketball court, we were ready to go to GuangZhou. When we arrived at GuangZhou, it was already afternoon. We went to a restaurant to eat lunch, the food there was delicious. Then we went to the GuangZhou Opera house, the guides told us how big it is and who is the designer of this building. After visiting the GuangZhou Opera house, our tourist guide pointed at a tall tower and said the tower is called Canton tower we were all shocked to see a very tall tower.

The next day, we visited Naihai Foreign language school, we not only experienced the daily classes of the students in this school, but also learned about the different history of Guangdong.

The last day of the school trip, we went to a big blueberry field. We can try picking some blueberries which were big and sweet. I picked many blueberries, so I could share the blueberries with my family. The staff also gave us a box of blueberries, what a wonderful day!

In the afternoon, we scrolled around at Yongqingfang, which includes many historical sites of GuangZhou, including a museum, parks and old town streets.

Unconsciously, the good time flies, I miss the Journey all the time, I hope I can have a second chance to go to GuangZhou.

Trip in Naihui

Before Easter holiday, all the Primary Five students went to Naihui for a field trip from April 14 to 16, 2025. This was my first time to stay out with my friends. We all looked forward to it.

On the first day, we took 4 hours to Guangzhou by coach. We visited Guangzhou opera house and went to the hotel to have rest.

Also, the next two days, we had a chance to visit the Guangzhou Foreign Language School for exchange activities such as music choir, art lesson and lunch at school. It was fantastic.

Thus, the most unforgettable moment was visiting the blueberries field. We can pick some blueberries home. It was free of charge.

In the end, it was an eye-opening experience for me to learn more knowledges and culture from China which helped me broaden my horizons.
