

My Summer Holiday

My summer holiday was from sixteenth July to twentieth July. On the first day, we took a plane to Chengdu, Sichuan. I was very excited because it was my first time leaving Hong Kong by myself. After two hours, we arrived in Chengdu. We took a coach to the hotel and started our training.

On the third day, we went to the Chengdu Research Base of Giant Panda Breeding. There were a lot of pandas; they looked very soft and cute as they were eating and sleeping. I took a lot of photos with them; I love them very much. I bought some souvenirs at the gift shop. We watched a traditional Chinese drama at night. It was very interesting and exciting. My favourite part of the performance was the Chinese kung fu, accompanied by the exciting background music. It was a memorable day on our trip.

On the fifth day, we went through the airport after we finished the training. Unfortunately, there was a typhoon in Hong Kong, and our flight was delayed. We stayed at the airport for four extra hours. Finally, we arrived in Hong Kong at four o'clock in the morning.

I enjoyed this training camp; it was full of fun. I learned how to take care of myself and improve my running skills. I wish I could join it again next year.

My Summer Holiday

On twenty-sixth July, I went to Shenzhen with my family and friends. First, we went to a big shopping mall to learn skating. My sister and I could go down a small slope, but my dad couldn't. Then we went to a hot rock hotel to have a warm and comfortable bath.

The next day, we visited Karoo Ice and Snow World. It is an indoor snow play park with snow and ice everywhere. I made a small snowman, and it was very cute. I also went down the iced slide three times because it was so exciting. I liked it so much.

After that, we ate in a beautiful hot pot restaurant. The food was so fresh and tasty.

At last, I learned how to ride a horse in a one-hour lesson. At first, it was a little bit hard to ride a horse, but after some time, the horse recognised me, and I thought it was so much fun in the end. The horse I rode was named Dot Dot. It was white in colour.

I enjoyed the trip, and I think this is the best trip ever. I hope I can go again soon.

My Summer Holiday

During the summer holiday, my family, my cousins, and I went to Canada to visit my uncle Woody.

One day, we went to Niagara Falls to enjoy the famous Niagara cruise. First, we needed to buy tickets and wear raincoats. I saw two huge waterfalls. The water was very loud and powerful. The wind blew near the waterfall, and it splashed everywhere. I got super wet, but it was so much fun. Standing there, I truly felt the immense power of nature.

I felt so excited, and it was an unforgettable trip. I love Canada!

One Summer Day

One summer day, my father and I went to Sai Kung. First, we went to Hang Hau by MTR, then we took a green minibus to Sai Kung market. We had lunch there, and then we took a ferry to a nearby island called Sharp Island.

The beach on Sharp Island is small but beautiful. The sand is clean, and the seawater is clear, but there are small stones everywhere, so I had to wear a pair of slippers. I built sandcastles with my dad, and we picked shells at the beach. I picked many beautiful shells. In the end, we took a ferry back to Sai Kung market. We had dinner in a nearby seafood restaurant; the food was delicious but expensive. It was a wonderful day, and I wish I could go there again soon.

The Wonderful School Picnic

On 4th November, we have our school picnic. The weather is cloudy but warm. Our picnic site is the PLK Pak Tam Chung Holiday Camp.

We get to the picnic site by coach, and I enjoy the view out of the coach window. We arrive at the picnic site at about nine o'clock.

I bring snacks, water, and a lunch box for the picnic. I learn how to shoot arrows there. At first, I feel scared because I am afraid I might get hurt, but I try it anyway. The most interesting thing is playing the claw machine, where I win a cute cat toy. I feel so happy!

Around two o'clock in the afternoon, we start to go back to school. We arrive at school at about three o'clock. I feel happy about this school picnic, and I want to go there next year because I want to play the claw machine again!

The Wonderful School Picnic

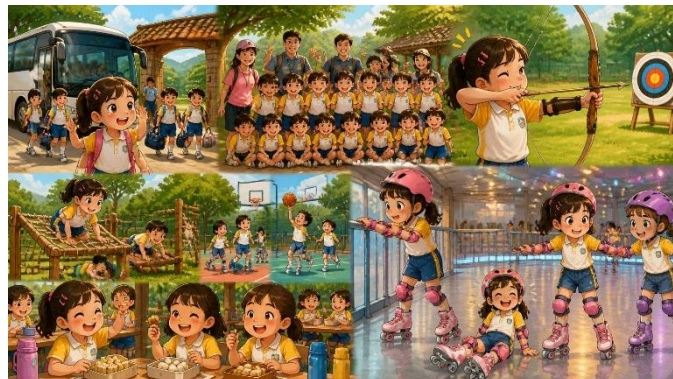

Our school picnic was on November 4th, so we waited a bit and got on a big bus. We also shared the same vehicle with class 4D. We had a long ride with lots of traffic. Finally, we got to the picnic site.

When we got off the coach, our class teachers, Mr Mok and Ms Fung, met us, and we all took a group photo at the entrance. After that, some kids walked in the opposite direction from where we needed to go, which made our class teachers called them back.

Soon, we started our school picnic. First, we found a spot to eat snacks and play. Next, we went to a place where we could play basketball, an obstacle course, and archery. I tried archery, and I was pretty good at it! We played a bit and then went to our next stop.

Later, we went to a roller-skating rink to play. I practised roller-skating two years ago; however, I did not practise it recently, so I wobbled and grabbed hold of the railings at first. I tried to skate to the other side but accidentally I fell onto the hard solid ground. Luckily, I did not get hurt.

When we finished, it was about twelve o'clock, and it was our lunchtime. I ate some siu mai and fish balls with soy sauce for lunch. They were tasty. Then, I played with my friend, King. We went back to the roller-skating rink to play. Later, our teachers called us and had us get on the coach to return to school. I was tired but happy. At the end of the day, I thought it was really fun!

The Wonderful School Picnic

Our school picnic was held at the PLK Jockey Club Pak Tam Chung Holiday Camp on November 4th. The weather was windy and cool. Everyone was full of energy and excitement!

My classmates and I got to the picnic site by coach. We arrived there at about nine o'clock and took a group photo to capture the wonderful memories of this school picnic.

When we arrived at the picnic site, it was filled with laughter and joy. I brought some bread, fruit, a packet of chips, and a box of candies with me. There were so many fun activities we could do. My friends and I decided to play on the trampoline first. Then, we played 'Tag' and went on the slide. I loved the trampoline the most because it was exciting and fun.

We got back to school at around three o'clock. I felt happy but tired. I really wanted to go to the same picnic site next year because it was filled with fun and fantastic experiences!
