

Mother's Day

Do you know what amazing things I did on Mother's Day? Let me tell you about them.

I woke up at 7:30 a.m. Then, my family and I took a bus to Shenzhen. When we got there, my mum met her friends. We ate a bowl of ramen and went to a place called "Gaming Space." I felt over the moon.

After playing for two hours, we went to a famous shop and bought many gifts for my mum, such as bags, skincare products, and flowers. She felt on cloud nine. We also went to a café for tea. Of course, my mum chose what she wanted to eat.

I also received an amazing gift: spending time with my mum. I learned that nothing is more fun than spending time with my family.

The best part of the day was buying gifts for my mum because I wanted to make this day unforgettable for her.

In the end, we went home and ate a big flower-shaped cake that my brother and I made. It was very sweet and delicious. I also put a card on the cake to surprise my mum.

It was a wonderful and unforgettable Mother's Day!

A special day with my mother

The tenth of May 2026 was one of the most wonderful Mother's Day ever. It was a busy day full of exercise, delicious food, and family happiness. I spent a whole day with my family and I was excited.

In the morning, I got up early and put on my white fencing suit for a big fencing competition. Next, I woke my parents up and presented my drawing card to my mother for Mother's Day. Then, we went to the Hong Kong Sports Stadium for a team fencing competition. I was nervous, and my heart beat fast. My mother stood in the front row and waved at me. She cheered loudly and clapped her hands. Her support gave me a lot of energy and courage. My team worked together, moved fast and won the first runner-up trophy! I felt so proud to hold this silver prize with my mother.

After that, we travelled to grandmother's house to celebrate Mother's Day. Grandmother opened the door with a big smile, and the kitchen smelled amazing. She cooked a fantastic dinner with all my favourite dishes. We sat around the dining table and talked happily about my exciting matches.

Finally, the best part of the night was giving my mother a special gift — a LEGO flower. When she opened the box, her eyes went wide, and she smiled brightly. I was happy about winning the fencing trophy, but I was much happier to see my mother's smile. It was a happy and perfect Mother's Day!

Mother's Day

On Mother's Day, I spent the day with my mum, dad, and my dog. I woke up at six o'clock in the morning because I had to study for a test the next day. I felt tired and sleepy. However, our home was full of love. Dad bought some flowers and placed them at home as decorations.

After studying, Mum and Dad brought me to a football competition. They stood beside the field to support me. Although our team lost the competition, I still felt grateful because I had my parents' support. Then, Mum, Dad and I took my dog to the park. We walked around, and we felt relaxed.

In the evening, we had a big meal with Mum's favourite takeout food. I gave Mum a DIY flower as a Mother's Day present. Mum was very touched when she received the gift.

The big meal was the best part of the whole day for me and my family. When the day was over, I felt a little tired because it had been a long day, but I also felt closer to Mum.

It was a wonderful and memorable Mother's Day.

Mother's Day

Early in the morning, my dad secretly woke me up and said, "Be quiet. We can't wake Mum up because it's Mother's Day. We need to make a surprise for Mum, okay?" I answered, "Okay!"

Then we went to the kitchen quietly to make breakfast for Mum. We made eggs, salad, and meatballs. We even put some roses on the side.

When Mum woke up, we suddenly said, "Happy Mother's Day!" and handed the breakfast to her. She said, "Thank you!" After breakfast, we went to a cinema near our home to watch Minions. We laughed and laughed until the movie finished.

At noon, we were starving, so we had lunch at a popular restaurant called The Happy Restaurant. We ate fries, hamburgers, and chicken wings. All the food was delicious.

After lunch, I took part in a soccer match. We were the best team, so we won the championship. We were very tired, but happy.

At night, we went to a BBQ restaurant to celebrate winning the championship. The food was yummy. I will never forget this amazing day.

Mother's Day

It was Mother's Day last Sunday. It was a special day because it was also my Grandpa's birthday. What a coincidence! I felt excited as we were going out in the morning to buy gifts for Grandpa.

First, we went to Citistore in Metro City. I saw a nice white T-shirt with a lovely pattern on it, so I decided to buy it for Grandpa. I didn't buy a gift for Mum at that time because I had already given her some handmade flowers the week before.

Then, we had lunch with my uncle, aunt, and cousins.

After that, we travelled to Grandpa's home (my dad's father). I played video games with my brother and my younger cousins. Then came my favourite part of the day. We had a hotpot for dinner at a restaurant.

The hotpot was served with a coconut soup base, which was very tasty. We ate a lot and returned home happily. I didn't do much for Mum on that day, but I promised her that I would be a good boy to make up for it.
