

2L Fung Kwun Nok

I have Easter holiday with my big family in April. We travelled to Foshan in China. First, we visited Guangdong Romance Park and watched the live show. It was the first time I saw horses performing together. It was very enjoyable.

The next day, we went to the zoo. We rode the steam train and watched animal migrations.

On the last day, we went to the dinosaur waterfall valley. We challenged ourselves at a 360-degree glass observation deck. It felt scary but exciting at the same time.

2L Lau Shing Hei

I have my Easter holiday on 9th April. I spent it with my family and we went to Taiwan for six days.

We visited different museums, rode a small train, released sky lanterns, went to a crayon factory and saw capybaras on a farm. We also ate hotpot, barbecue and other Taiwanese food.

My favourite thing was the crayon factory because I could DIY different crayons in many colours. I also love learning new things from museums. I felt very happy and excited at Easter.

2L Shek Joley

I started my Easter holiday since 2nd April. My family and I went to Shenzhen for a staycation. We stayed at the Conrad Hotel.

My grandmother and aunt also joined us because we celebrated my dad's birthday on 6th April. We had a buffet dinner together and we had a beautiful birthday cake.

The holiday was awesome. This is because we had a lot of enjoyable activities, such as playing at the snow park, VR video games and have massages.

I had so much fun!

2L Sit Zing

2nd April is our Easter holiday, I celebrate Easter by going to Shen Zhen.

I spend my Easter holiday with my mom and my dad. When I am in Shen Zhen, I go to indoor shrimping catch and grill.

I feel relaxed. I enjoy my Easter holiday because I love spending time with my family.

2L Tsui Lok Sum

During the Easter holiday, I went to Japan with my family for eight days. The weather there is warm and nice.

We can see cherry blossoms. When we get closer to look, they are pink in colour. We play under the cherry blossom trees. We also take many photos.

My favourite thing in Japan is soaking in hot springs. The water is hot and comfortable. I feel so joyful and so relaxed. I want to go to Japan again next time.
