

LHT Music Competition

Last Tuesday was LHT Music Competition. I joined the ensemble with my best friend. Her name is Dora!

We were practising this song for over three months. The name of the song was "Zoo", and we added some dance steps together to make it more entertaining.

We tried our best to perform. After finished the song, we were very proud and joyful.

At the end, we got the second place and the "Best Stage Performance Award". We were very surprised and delighted. We decided to join the music competition again next year.

3L Cheng Sum Yu Bella

Last month, I had a wonderful school trip to the zoo with my teacher and classmates. We went to the zoo by school bus. I sat next to my best friend, Gloria. On the way, we played games and chatted together.

When we arrived at the zoo, we saw so many different animals, such as lions, tigers and bears. Then, we visited the giant pandas. They were eating bamboo slowly. Also, we went to the bird house and saw parrots with colourful feathers. The zookeeper told us many interesting facts about animals.

I felt very delighted because I learned a lot about animals. We should protect animals and their homes. I hope we can visit the zoo again in the near future.

I want to share a special day with you.

In December 2024, my classmate Chris invited me to his birthday party.

I spent my pocket money to buy a birthday gift for him. He held a birthday party in the party room. There were slides, a castle, a ball pool and a giant kitchen. We played happily with our classmates.

In the end, a magic show caught my eye. A rabbit disappeared in his magic hat. Then, we saw it on the table. We were shocked.

I learnt that love and care are very important. We should always treasure them.

A Special Day - My Trip to Seoul

I went to Seoul at Easter. I went there with my parents by plane. It took us around four hours from Hong Kong to Seoul. We arrived at Incheon International Airport in the early morning.

First, we went to the hotel and dropped our luggage. Then, we went to the Seoul Children's Grand Park by bus. To our surprise, it was full of cherry blossoms. The view was spectacular, so we took a lot of pictures. Although the weather was cold and windy, we enjoyed walking through the "Sakura Path" as well as the cherry blossom shower. Besides that, we brought some bread and drinks to have a picnic there. Sitting on the bench to have all the treats, we felt relaxed.

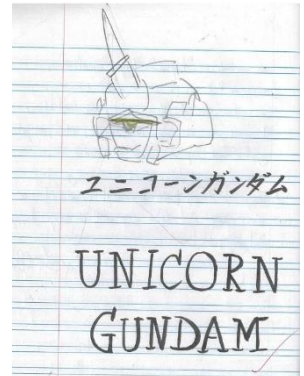

After that, we had chicken pot as lunch in a traditional Korean restaurant. We enjoyed the meal because the chicken was tender, fresh, and juicy.

In the afternoon, we went to Seokchon Lake Park near Jamsil Station. It was very crowded, and many people walked around the lake to enjoy the season of cherry blossom. We just couldn't stop taking photos of this beautiful view.

Finally, we went back to Myeongdong for dinner and shopping. We had a busy but fruitful day! We did a lot of things such as shopping, dining, and appreciating the falling cherry blossom. From my experience this time, I learnt that we should cherish nature and the life we have now. Hope I will have the chance to see wonderful natural views around the world with my beloved family in the near future.

My Coming Summer Holiday

I am very excited to share that my family and I plan a trip to Tokyo in the coming summer holiday. Our flight will depart after midnight, from Hong Kong to Tokyo. The flight time takes more than four hours and we will arrive at Narita International Airport in the early morning. Let me highlight some amazing places that we will visit and go below!

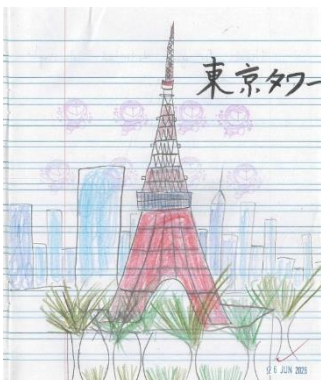

First of all, we will go to the Aqua City Odaiba. We plan to take photos and watch the views of Tokyo Bay, Rainbow Bridge and the Giant Unicorn Gundam Statue. Dad is a Gundam (ガンダム) fan. When he heard the news about the removal of the Unicorn Gundam Statue, he wanted to witness and wanted to see it again with his own eyes. As to Mum, she likes the shopping mall Diver City Tokyo Plaza very much because she bought many things she liked last time (in 2019).

Meanwhile, we are going to visit Tokyo Tower in Minato Ward. (It is 333 meters high and it is one of the most iconic landmarks in Tokyo.) Mum thinks the Tokyo Tower is as beautiful as the Eiffel Tower in Paris. This steel tower is very ancient and it was built in 1958.

I can imagine now when we reach the top deck, we can enjoy a panoramic view of the Tokyo city and even see Mount Fuji on a clear day. Don't you think it is awesome?

Last but not least, I am a food lover. I want to eat ramen, sushi, udon, sukiyaki, gyudon and Japanese style barbecue.

I am so lucky that I can go to Tokyo and see the beautiful views and eat the delicious food. Our trip will be very exciting and enjoyable!

I want to share a special day with you. It was a school trip. I went to a zoo with my teachers and classmates.

It was a sunny day. We went to the zoo by school bus. There were lots of animals. We saw pandas, tigers, zebras and birds!

At a booth, there were some birds that we could feed. When I threw some food to them, they all fought for the food. It is interesting! I also took some photos of the pandas and monkeys. Then, I bought an ice-cream and some souvenirs in the souvenir shop.

After this school trip, I learnt some useful and interesting facts about animals. It was a special day because I could see many lovely animals I like. It was amazing!

Today I am writing about a very unforgettable day - a school trip that brought us great joy. From the moment I arrived at school, I felt elated and full of anticipation. It was not just an ordinary trip, but a meaningful experience that allowed me to bond with my classmates and learn new things.

I went on the trip with my classmates and teachers. We went there by bus. Along the journey, we chatted happily and enjoyed the lively atmosphere. After arriving at Sai Kung Country Park, we participated in a variety of activities, including team games and challenges. The games were fun, and we encouraged one another to do our best.

Also, we took photos to capture the memorable moments and enjoyed a delicious lunch together. I was delighted, because I drew a lot of pictures with my classmates.

In the end, I learnt a valuable lesson about the importance of teamwork. I realized that by supporting and trusting each other, we could overcome challenges together. This school trip was meaningful and enjoyable because it strengthened our friendships and taught us life skills. I hope to have similar experiences in the future.

Monday 22nd June

Sunny

Summer holiday is coming! I am going to visit Japan with my classmates and friends. We are going to many places, such as Tokyo Disneyland, Ueno Zoo and Mount Fuji. Let me share our summer plan with you!

On the first day, we will go to our favourite scenic spot - Tokyo Disneyland. We will take photos with Mickey Mouse and Buzz Lightyear. We will also ride the roller coaster with my friends because it is exciting! Lastly, we will watch the stunning fireworks at night.

On the second day, we are going to Ueno Zoo to watch the pandas play and munch on bamboo. We are going to enjoy playful food options like a panda-shaped dessert. To wrap up the day, we are going to rent a boat or view the animals from the boardwalks. We guess it would be so amazing!

On the third day, we are going to Mount Fuji. First, we are going to visit the Fuji Fire Lakes. Then, we are going to ride on the ropeway. At last, we are going to climb up Mount Fuji and take photos of the spectacular view.

I really look forward to my summer trip to Japan! I am sure we will have a wonderful time in Japan. I can't wait for the coming summer holiday.
