I started my Chinese New Year holiday on 16th January, 2026. My most special day during my holiday is on 23rd February, 2026.

I go to Wowo Zoo with my family. The zoo is at the Window of the World, Shenzhen. There are many animals, such as alpacas, capybaras, rabbits, sika deers and reptiles. I feed lots of animals in this zoo, I have petted snakes and bearded dragon in the reptiles area too!

I enjoy this experience. I feel happy and excited in this zoo.

Chinese New Year

This year's Chinese New Year begins on 17th February, 2026. 2026 is the year of the Horse.

Before Chinese New Year, I visit the flower market with my family. There are many New Year flowers, snacks and balloons. It's very lively here.

During Chinese New Year, I like to eat turnip cakes and get red packets, this is very important.

Chinese New Year is my favorite holiday, because it would make me joyful.

I had my Chinese New Year holiday from 14th February to 25th February. During my holiday, I visited my relatives in Guangzhou. The most special day during my holiday was going to the aquarium.

I and Rebecca went to aquarium on 20th February. We were so excited because my parents told us that we could touch the beluga!

First, we need to follow the instructions of the staff. Finally, we can touch the beluga.

I felt the texture of the beluga. It was very special. It was smooth and soft. After touching the beluga, it would ask the staff for something to eat. I feel very happy and excited.

The beluga is very cute. I want to visit beluga named "Siu pak" next time.

A special day in my Chinese New Year holiday

Did you go on a trip during Chinese New Year? I have been to Nagaya in Japan with my family. We went on 14th February, 26. I visited Shirakawwa-go to play snow.

Shirakawwa-go was a beautiful place in winter. There was full of white snow everywhere, even on the Grassho-zukuri houses. I built snowmen in the snow. Dad helped me to get the sticks and Mum bought carrots to decorate the snowmen.

Although it was cold, I felt super happy and I learnt how to mark a snowman. I like my Chinese New Year very much!

A special day in my Chinese New Year holiday

2026 is the year of the Horse. I started my Chinese New Year holiday on 14th February, which is also my grandfather's birthday.

My family and I travelled to Okinawa for a week.

We landed at Naha Airport in the evening. Then, we went to a Japanese restaurant to have a hotpot dinner. The most popular food in Okinawa is Agu pork and it is very yummy. As it was my grand father's birthday, we also ate a birthday cake with him.

I felt so happy and cheerful in this trip, and I love with Okinawa again in the near future.
